

Report to: Audit & Risk Assurance Committee
Agenda item: 4
Date: 18 September 2013
Subject: Authority Finance Issues - Quarterly Update
Sponsor: Authority Finance Director
For: Information

1. Purpose of Paper

- 1.1 The purpose of this report is to inform the Audit and Risk Committee of significant developments within the Executive since the last Audit Committee in May 2013.

2. Annual Accounts

- 2.1 The 2012/13 Accounts were laid before parliament on time.
- 2.2 Planning has now started for the 2013/14 audit. An event is being run by the DfT to look at lessons learned from the 2012/13 year end, which I will attend although with BTP Finance.
- 2.3 Nick Bateson, our NAO Director is moving to work on the Treasury. I would like to thank Nick for the support that he has given us over the past three years. A new Director, Paul Oliffe has been appointed and we look forward to working with him during 2013/14. The rest of the audit team is expected to remain the same.
- 2.4 The Management Assurance Return (MAR) for the six months to September 2013 is due to be submitted to the DfT. No formal instructions have been received from the DfT and the any revisions to the format are as yet unknown. We have therefore assumed there will be no changes and the draft MAR is presented at agenda item 6.

3. PSAs

- 3.1 The PSA approved by DfT Ministers effective from 1 April 2013 was issued to core PSA holders for signature in March. Since the last meeting we continue to have issues with one PSA holder refusing to sign their PSA as they do not like the direct debit clause. We have sought advice from Weightmans and have proposed a number of strategies for dealing with Virgin. These

are with the DfT for instruction. The Chief Executive is arranging to see Claire Moriarty to try and progress this issue. Virgin West Coast continues to pay their charges. .

- 3.2 Apart from Virgin, all direct debits are in place and the cashflow and debtors' position is much stronger.
- 3.3 The risk to the Authority that the model will be challenged through arbitration has not yet materialised. ATW have promised to send a letter but as of 12 September, nothing has been received.
- 3.4 The TfL PSA agreement has been stalled while the DfT lawyers have been involved. However despite the PSA being sent for approval in January 2013, we are finally close to being able to have an agreed version to share with TfL. The major changes proposed by the DfT have been shared with TfL and it is not expected to cause any further delay. Once the wording is finalised, we will ensure that the appropriate financial information is updated.

4. Budget 2013/14

- 4.1 The DfT letter of delegation for 2013/14 was finally received in July 2013. Subsequent letters of Delegation have been sent from the Chief Executive as Accounting Officer to the Chief Constable, as additional Accounting Officer and to the Authority Finance Director over expenditure limits on the Authority Member and Executive budget.
- 4.2 Work is ongoing with the acting Head of Finance to ensure that the delegations set out in the DfT letter are achievable, given the additional provisions set up at the year end and the restructuring project. Care will also be required around the Capital DEL of £11.2m. As at period 5, only £1.85m of the £11.2m had been spent. This rate of spend is being reviewed by BTP and will be scrutinised by the Finance Committee at the end of quarter two.
- 4.3 The DAC approval process continues. There is a very long lead time from request to approval.
- 4.4 The Voluntary Severance Scheme, as approved by the Authority, for the restructure was agreed by the DfT, having been informed by the Cabinet Office that no approval was required from them as it was not a civil service scheme.
- 4.5 The grant in aid cash settlement have now been finalised and a repayment of £300k will required for monies forecast to be spent at period 11 for both the Olympics and the cable theft initiative, which did not materialise. This has been notified to the DfT but no request for payment has yet been received. The DfT

Sponsorship team have indicated that provided it could be accommodated in the DEL, it could be used for supporting the cable theft initiative.

5. Pension Issues

- 5.1 Real time information and Auto enrolment have now been put in place by BTP. The work in recovering debtors regarding the pension's contribution errors is almost completed and as at 5 September, of the 193 cases of existing staff who have underpaid pension contributions and owe money, there are 7 cases where no repayment plans have been agreed (all police staff). These are being actively pursued by the HR team. All other cases have agreed repayment plans and deductions have started. Payroll has completed the work to ensure that this situation does not happen again with additional controls now in place. Internal Audit will look at controls around payroll as part of their programme this year.
- 5.2 The assumptions in the police officers pension scheme valuation will be presented to the Authority in September.
- 5.3 The structure of the Police Officer scheme was presented to the Authority in June after a number of scenarios were discussed at the Pensions Working Group in April.
- 5.4 The tax liability agreed to be paid on behalf of the 18 members in receipt of unauthorised pension payments is being progressed. Most of the cheques relating to 2012/13 and prior have now been issued to HMRC. A number of queries with HMRC on individual cases still remain and Roffe Swayne, the tax accountants appointed by BTPA, are supporting the individuals and the Executive. It continues to be very time consuming. All matters relating to the unauthorised pensions are now being dealt with directly by the Authority Finance Director.
- 5.5 The issue of grossing up the penalty payments on unauthorised pensions is being pursued by the Chief Executive with HMRC Technical. Prudent assumptions have been made with providing for the outstanding liability at the year end.

6. Internal Audit

- 6.1 Two internal audits have taken place since the last Audit and Risk Assurance meeting. These are presented at agenda item 10. Unfortunately the Audit Senior who was working with us is now leaving and a new member of the team will need to be inducted. There has also been an issue around vetting, which Corporate Resources are pursuing but which will lead to a delay in work

starting on the next scheduled audits. However this is not expected to lead to a delay in delivering the full year plan.

- 6.2 Actions are in place to look at the recommendations and ensure they are completed on a timely basis.

7. Gifts and Hospitality Register

- 7.1 In line with good governance in public bodies, a copy of the Gifts and Hospitality which have been received, accepted or declined by BTPA Members and BTPA Executive Senior Staff for oversight is prepared. Appendix A lists the full details for the BTPA.
- 7.2 The Authority Finance Director, in the absence of the Chief Executive, has also reviewed the BTP Gifts and Hospitality Register with the Deputy Chief Constable which is attached at Appendix B.
- 7.3 Members are asked to note the gifts and hospitality register.

8. Recommendations

- 8.1 Members are asked to note this report.

FHQ	Alan Shrimpton	5962	30/05/2013	2013	May	Dinner with Marcus Harris (MD of Incite Insight)	Meal	Incite Insight. A specialist supplier of ITIL Process Consultancy and Interim Programme and Project Management Services. Marcus recommended our current IT Programme Manager (Stephan Gehring) but does not supply his services to the Force – we use a standard framework contract for that – so there is no contractual relationship between Incite Insight and BTP.	Marcus is an old friend from my Avon & Somerset days and Incite Insight is a new venture for him. He wanted to catch-up.	£25.00	ACCEPTED	Self approved.	I am logging this dinner on the advice of Alistair Lawson because, even though Marcus is a friend and this was a personal meeting, there is a possibility that his company may wish to supply services to BTP at some point in the future. £25.00 – food only. I paid for the wine (out of my own pocket).
