

BTPA - August 2011

This analysis covers the period 01 September 2010 to 31 August 2011.

These are the latest stop and search figures, compiled from data recorded on 07 October 2011. Numbers may increase slightly as Areas continue to enter details of encounters.

From midnight on Monday, 7 March 2011 changes to the Crime and Security Act (2010) took effect which removed the requirement to record Stop and Account. These changes have been discussed and approved by the Stop and Search Steering group, following consultation with the National Independent Advisory Group and Independent Advisory Network. This has resulted in the use of stop and account falling during the period 1 September 2010 to 31 August 2011 to 56,460 from 83,460 compared to the previous 12 month period.

The data provided here is provisional and has not been audited. For this reason, it may not be directly comparable with Home Office statistics. Calculations on very small sample sizes are unlikely to reflect the true nature of stop and search activity.

Glossary

Self Defined Ethnicity (SDE) – The ethnic group as defined by the person stopped using National Census categories. Home Office forces are obliged by s95 Criminal Justice Act 1991 to report the ethnicity of those stopped and searched by their SDE. The result is compared and reported per 1000, against the 2001 census population. As the rail network does not have a residential population, direct comparison is not viable.

Officer Recorded Ethnic Appearance (EA) – The ethnic group as perceived by the stopping officer according to Phoenix Ethnicity Codes.

Stop and Account

Where an officer requests a person in a public place to account for their actions, their behaviour, their presence in an area or their possession of anything.

Recommendation 61 Macpherson Report and PACE Codes of Practice in place during 2008, stated that a record must be made of all encounters including, non-statutory or voluntary stops. Although this requirement is no longer mandatory from 1 January 2009, BTP and many other forces continue to record details for intelligence purposes. The force is currently working towards reducing the bureaucratic burden of recording stop and account encounters.

Reasonable Grounds

The majority of searches take place under s1 PACE Act 1984, but included are encounters under any power where the officer requires reasonable grounds to exercise the power (e.g. s23 Misuse of Drugs Act 1971, s47 Firearms Act 1968), which may include searching for:

- Stolen Property
- Prohibited articles such as offensive weapons or anything used for burglary, theft, deception or criminal damage
- Drugs
- Firearms
