

## **Response to BTPA FOI request 2012-18**

**Please supply me with details of all outsourcing contracts for police and back up office staff being offered for tender or under consideration for outsourcing by the British Transport police authority.**

**Could you specify the value of the tender, the number of staff affected and length of the contract and where one has been awarded, the name of the winning company.**

British Transport Police and British Transport Police Authority do currently have some outsourcing contracts in existence. Details of all of the contracts both organisations hold can be found on the freedom of information portal on [www.blpd.gov.uk](http://www.blpd.gov.uk) which is the Bluelight Contract Database for Emergency Services. Neither organisation have any outsourcing contracts being offered for tender or under consideration.
