POLICE

Policing Plan Targets 2015-16

Strategic Targets

Reduce Crime by 20%

Reduce Disruption by 20%

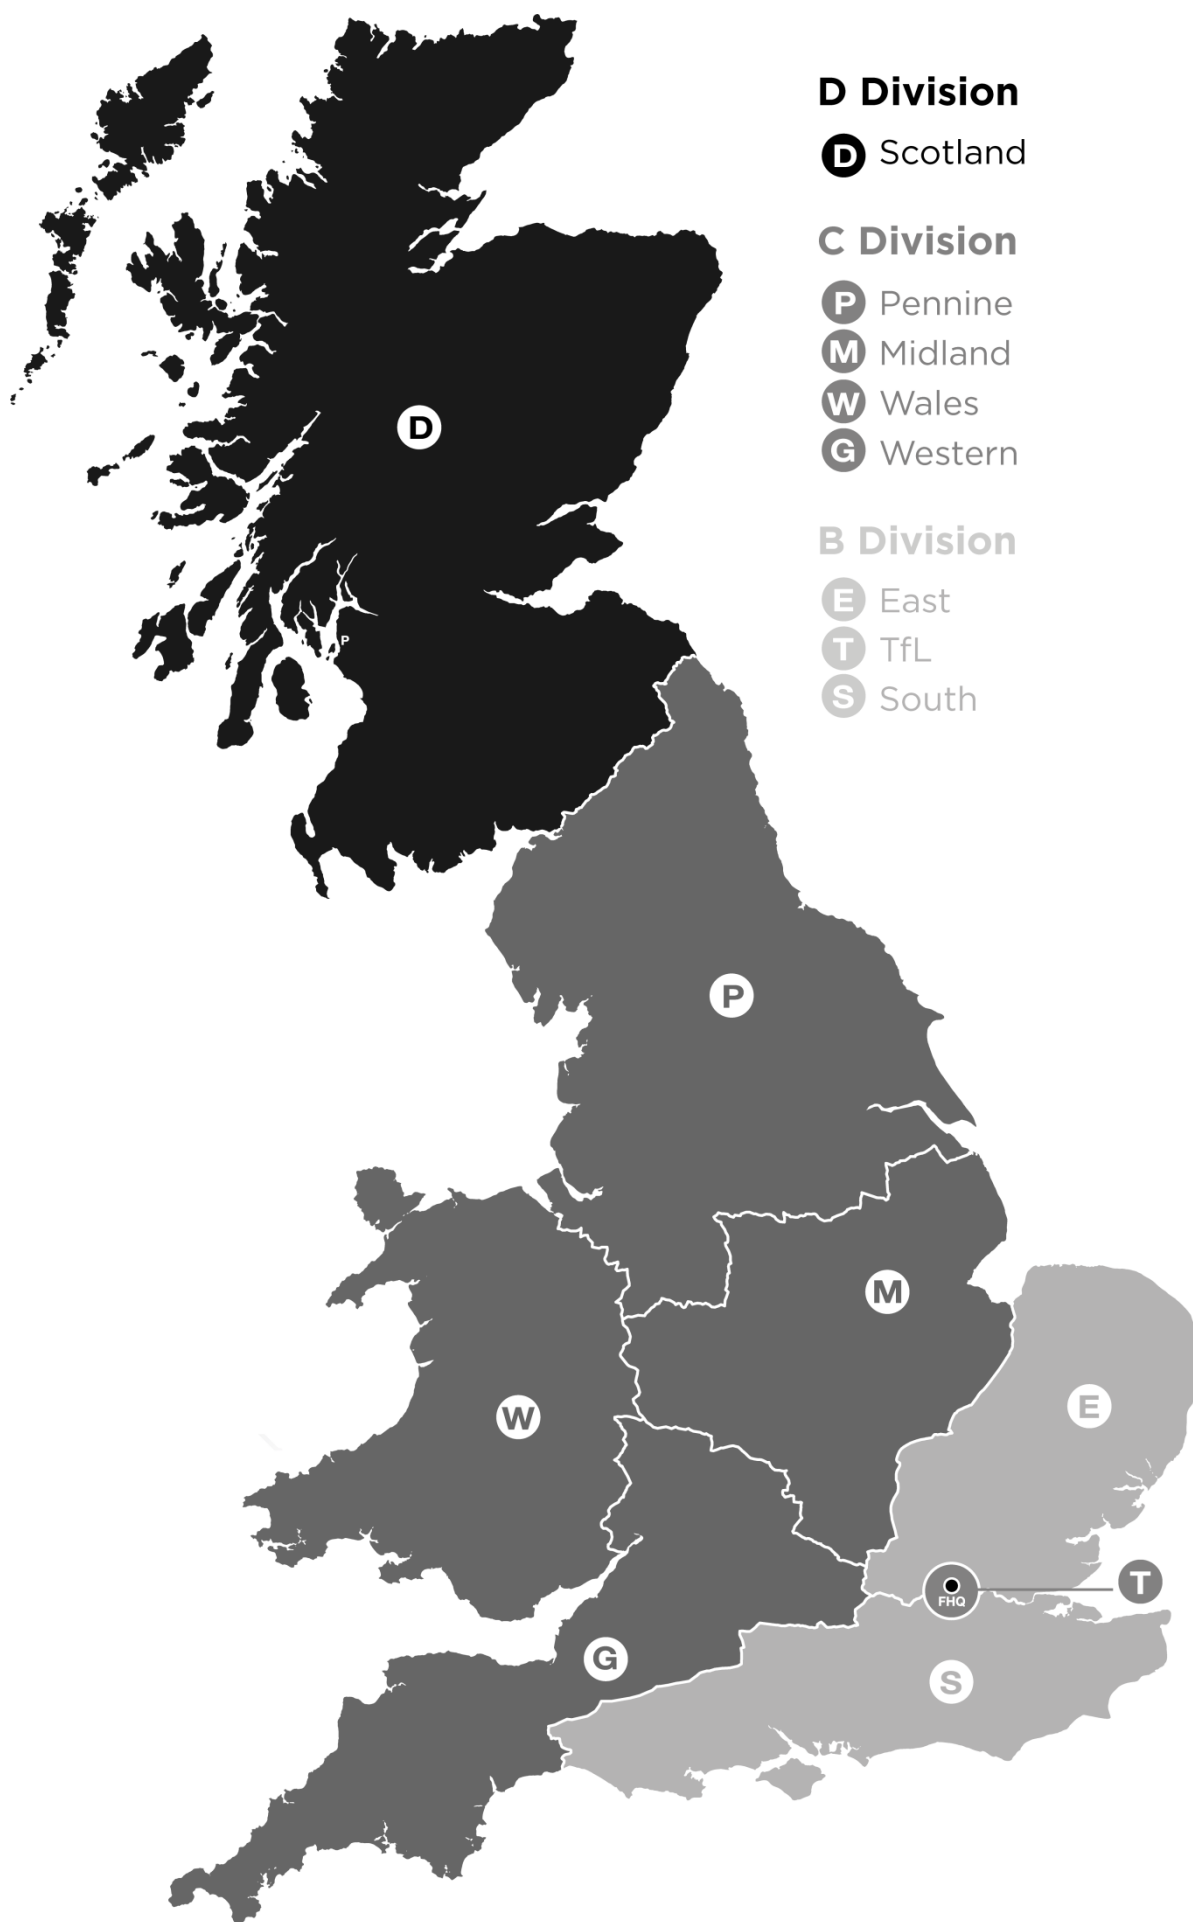

Increase Confidence by 10%

Achieve Value for Money

National Targets

- Reduce notifiable Crime by 3% (excluding Police generated)
- Reduce violence against the person offences by at least 10%
- And with our partners reduce overall police related lost minutes by 7%
- At least a 78.8% confidence rating for passengers measured by the national passenger survey
- At least a 67.7% confidence rating for rail staff measured by the BTP rail staff survey
- Increase in confidence at the 20 stations with the lowest confidence ratings as measured by the National Passenger Survey
- Average days lost per employee to be less than 7.3 days (or 2014-15 end of year performance if lower) and complete work on a resource availability metric

During 2015-16 the Force have also been asked to review and monitor the progress of the significant milestones within the safeguarding and cyber-crime project plans

The cost of policing

In 2015 the BTPA set a core policing budget of £259.96million for policing Great Britain’s railways. A total of £203.62m has been allocated to overground rail services and £56.34m for London Underground.

Overground costs	Value (£m)
Core policing	203.62
Enhanced policing services	10.67
Other income	8.37
Subtotal	222.66
Underground costs	Value (£m)
Core policing	56.34
Enhanced policing services	19.06
Subtotal	75.40
Total gross cost	298.06

Core budgets by division

- A Division £88.37m
- B Division (overground) £46.41m
- B Division (underground) £56.34m
- C Division £56.83m
- D Division £12m
- Total core cost of national operations: £259.96million

Keeping our price promise

This year’s budget has been increased by 1.5 per cent on last year’s total which is well below RPI a promise we made and will continue to fulfil over the coming years.

All data provided below has been supplied by the Divisional Finance Departments. It is based on establishment figures and therefore has been verified by each Division.

*The Chief Constable has set a target number of Special Officers for B Division. It is 20% of warranted officers, making 300 Special Constables. As the Specials project is still in progress, B Division cannot break this number down by team at this current point in time.

B Division

Policing Plan Targets 2015-16 by Sub-Division

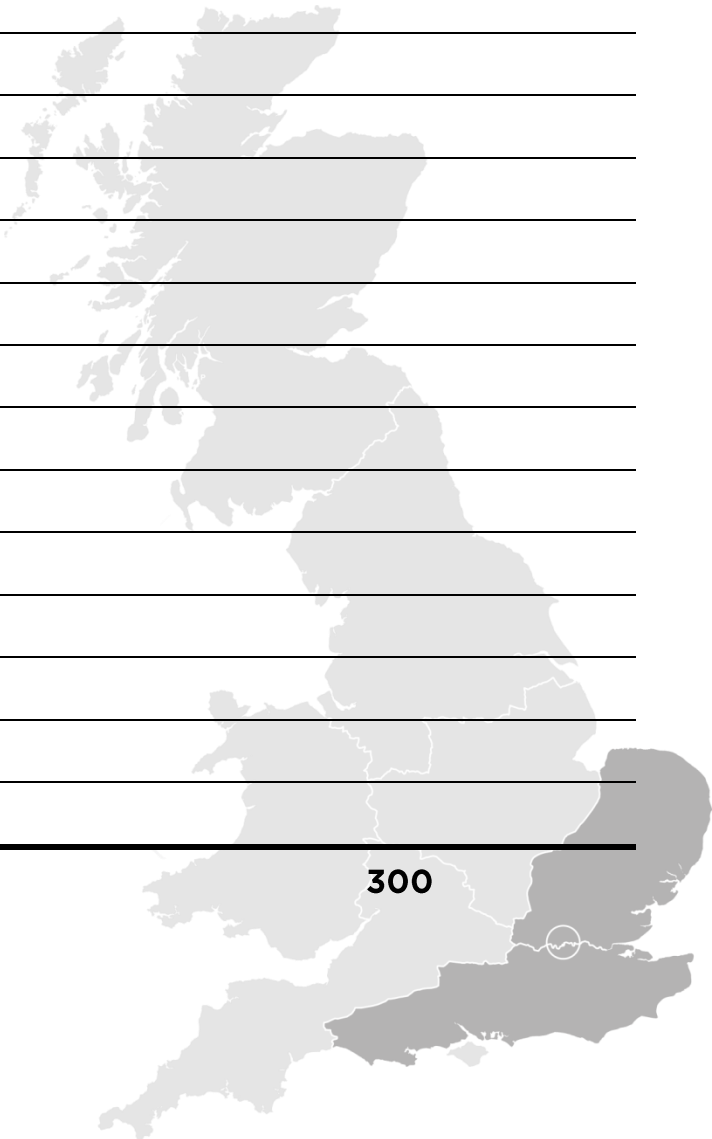

TfL	East	South
<p>The number of *notifiable crimes on London Underground and DLR to be no more than 7.1 crimes per million passenger journeys</p> <p>Reducing crime remains a key priority for BTP. This target is based on the rate of notifiable crime per million passenger journeys.</p>	<p>Reduce cycle crime by at least ten per cent</p> <p>Cycle crime impacts on passengers that use railway stations on a daily basis. This target continues to build on reductions made in 2014/2015.</p>	<p>Reduce cycle crime by at least ten per cent</p> <p>Cycle crime impacts on passengers that use the railway stations on a daily basis. This target continues to build upon reductions made in 2014/2015.</p>
<p>Reduce violence and aggression towards staff from 2014/15 end of year figure</p> <p>Violence and aggression to staff has a significant impact upon those that help to operate the railways.</p>	<p>To carry out a minimum of 20 problem solving plans (PSPs) to tackle trespass and fatality disruption</p> <p>Trespass and fatalities are the main causes of disruption on the network. This target is aimed at a joint problem solving approach with industry partners to tackle disruption.</p>	<p>To carry out a minimum of 15 problem solving plans (PSPs) to tackle trespass and fatality disruption</p> <p>Trespass and fatalities are the main causes of disruption on the network. This target is aimed at a joint problem solving approach with industry partners to tackle disruption.</p>
<p>To carry out a minimum of 150 joint operations with the DLR</p> <p>Joint operations provide a bespoke joint working approach to resolving crime and disorder on the DLR network.</p>	<p>To carry out a minimum of 21 PSPs at the lowest confidence stations identified from analysis of the National Rail Passenger Survey</p> <p>Passenger safety and security is important to BTP and this target will provide a focus on the lowest confidence stations in B Division East. This will generate joint working with industry partners.</p>	<p>To carry out a minimum of 16 PSPs at the lowest confidence stations identified from analysis of the National Rail Passenger Survey</p> <p>Passenger safety and security is important to BTP and this target will provide a focus on the lowest confidence stations in B Division South. This will generate joint working with industry partners.</p>
<p>Increase the number of positive policing outcomes around sexual offences by 20 per cent in line with Project Guardian</p> <p>Project Guardian has successfully raised awareness of reporting in relation to sexual offences – this target aims to improve the number of successful outcomes.</p>	<p>Trafalgar locations to achieve 80 per cent visibility at identified hotspots as per default patrols</p> <p>Passengers have told BTP that police visibility is a key concern for them. This target will ensure officers are where they are needed most - when they are needed most. Operation Trafalgar is an evidence based approach to police visibility at hotspot locations. This will assist in reducing and preventing crime.</p>	<p>Trafalgar locations to achieve 80 per cent visibility at identified hotspots as per default patrols</p> <p>Passengers have told BTP that police visibility is a key concern for them. This target will ensure officers are where they are needed most - when they are needed most. Operation Trafalgar is an evidence based approach to police visibility at hotspot locations. This will assist in reducing and preventing crime.</p>
<p>Trafalgar locations to achieve 80 per cent visibility at identified hotspots as per default patrols</p> <p>Passengers have told BTP that police visibility is a key concern for them. This target will ensure officers are where they are needed most - when they are needed most. Operation Trafalgar is an evidence based approach to police visibility at hotspot locations. This will assist in reducing and preventing crime.</p>	<p>588 on-train patrols every Friday evening</p> <p>Late night train patrols are vital to ensuring that the public get home safe and on time. This target will ensure that there are two on-train patrols every Friday evening (excluding Bank Holidays) across services between 23:00-03:00 leaving Paddington, Euston, Kings Cross, St Pancras, Liverpool Street and Fenchurch Street.</p>	<p>490 on-train patrols every Friday evening</p> <p>Late night train patrols are vital to ensuring that the public get home safe and on time. This target will ensure that there are two on-train patrols every Friday evening (excluding Bank Holidays) across services between 23:00-03:00 leaving Charing Cross, Waterloo, London Bridge, Cannon Street and Victoria.</p>
<p>Reduce incidents that lead to lost customer hours **(LCH) by ten per cent</p> <p>Trespass, assaults and anti-social behaviour are the main causes of disruption and delay on the TfL network - this target aims to reduce these types of incidents.</p>		

*Notifiable offences are crimes which are reportable to the Home Office.
** LCH - total number of minutes lost to delays on the rail network

D Division

Policing Plan Targets 2015-16

Scotland

Reduce theft of passenger property by at least five per cent

Theft of passenger property is a major contributor to overall crime on the rail network and impacts on passenger confidence.

Reduce the number of violent offences at Edinburgh Waverley, Glasgow Central and Glasgow Queen Street stations

The reduction in violent offences is a key focus for BTP in order to keep passengers and staff safe. This target excludes on-train offences.

Develop Trespass/ Customer Satisfaction Problem Solving Plans (PSPs) to achieve a total satisfaction rate of at least 75 per cent

Work with partners at the top ten trespass spots to prevent and reduce levels of trespass and ensure total satisfaction via passenger surveys.

Develop key Disruption location/ Customer Satisfaction PSPs to achieve a total satisfaction rate of at least 75 per cent

Hotspot locations for disruption will be targeted in order to reduce delays and incidents that affect the running of the railway. This will generate joint working with industry partners and other stakeholders.

Develop Train Services/ Customer Satisfaction PSPs - to achieve a total satisfaction rate of at least 75 per cent

On train patrols during late trains is a key focus for passengers and railway staff. This target will encourage joint working with the industry to ensure that key train services receive bespoke problem solving plans.

To achieve a total satisfaction rate of at least 75 per cent for:

- **a PSP tackling disorder related to 'sub-crawls' and other organised events**
- **a PSP tackling disorder related to Rangers FC home fixtures at Ibrox Stadium**

Anti-social behaviour and disorder remain top concerns for the traveling public. This target will focus on key events that generate crimes and measure satisfaction in the plans to respond to incidents.

Work actively with the Association of Community Rail Partnerships (ACoRP) at a minimum of six locations where action plans are developing to improve confidence

Passenger safety and security is important to BTP and this target will provide a focus on the lowest confidence stations in Scotland. This will generate joint working with industry partners and other stakeholders.

To achieve a victim of crime satisfaction rate of at least 92 per cent

Victim care is a priority for Scotland and through the monthly Victims of Crime satisfaction survey the division will ensure that victims of crime receive a high level of service from BTP.
