## Monitoring Information

---

Effective monitoring is an important means of measuring our performance and progress towards our equality and diversity goals. It also allows us to fulfil our legal requirements to collate equality information, required by the public sector equality duty. The collated information will not only help the Authority demonstrate compliance with the law but will also assist in concentrating efforts on achieving a truly inclusive and diverse workforce.

The information collected will help us to identify disparities in outcomes and experiences between groups, identify trends over periods of time, to investigate the reasons for these differences and put suitable actions in place. To help us achieve this aim we ask you to complete this monitoring form. We collate equality information on age, disability, race, sex, gender reassignment, sexual orientation and religion or belief.

The request for this information and how it is used is within the scope of the Data Protection Act 1998 which allows for the collation and reporting of sensitive data for monitoring purposes.

Where relevant the information may be used to assist us in the delivery of equal opportunity measures.
