

Matters for discussion – role of SRPC

- How Scottish Railways Policing Committee can support development of the new strategic plan for policing the railways from 2022
- How BTP, BTPA, PS and SPA can work together to develop a shared understanding and alignment (where possible) of;
 - How the strategy will be developed
 - Strategic planning assumptions
 - Strategic priorities and objectives
 - Specific ambitions around collaboration and partnership working
 - Delivery plans
- Ensuring BTP and BTPA have considered the following in preparing the new plan;
 - Data/evidence sources to inform planning assumptions
 - Legislative and policy changes potentially affecting railways policing in Scotland
 - Existing and future priorities and delivery plans for policing in Scotland
 - Key stakeholders we should engage in the strategy development process
 - How we can maximise engagement and communications opportunities as we develop and publish the plan
