Foreword

The Authority is the independent body responsible for ensuring an efficient and effective police force for the railways.

The Authority is an executive Non-Departmental Public Body (NDPB) sponsored by and accountable to the Department for Transport (DfT) and as such must comply with direction and guidance issued by HM Government. Its actions are guided by a Framework Document that has been issued to the Authority by the Secretary of State.

The purpose of this Code is to set out the Authority's approach to Corporate Governance within which the Authority will operate. It has been developed according to the principles of the HM Treasury and Cabinet Office 'Corporate Governance: Code of good practice 2017' which defines governance as:

"...the way in which organisations are directed, controlled and led. It defines relationships and the distribution of rights and responsibilities among those who work with and in the organisation, determines the rules and procedures through which the organisation's objectives are set, and provides the means of attaining those objectives and monitoring performance. Importantly, it defines where accountability lies throughout the organisation." p9

It is expected that the spirit, as well as the letter of the Code shall be followed. In the event of any departure from the Code the Authority adopts the comply or explain principle, meaning that the justification must be clearly and carefully explained in the governance statement accompanying the annual statement of accounts.

The Code is a living document and may be updated in-year, with proposed updates presented to the Authority for approval prior to inclusion. It shall be subject to a formal review at each annual meeting of the Authority.

Who we are and what we do

Establishment and powers

1.1 The British Transport Police Authority (“the Authority”) was established by the Railways and Transport Safety Act (2003) (“the 2003 Act”) and became operational on 1 July 2004. The Authority’s primary statutory purpose is to secure the maintenance of an efficient and effective police force for the railways in England, Scotland and Wales. This includes defraying and recovering the costs of the Police Force from the companies who provide and use the rail network.

1.2 The 2003 Act sets out the statutory powers and responsibilities of the Authority which are to:

- Secure the maintenance of an efficient and effective police force known as the British Transport Police¹
- Ensure the efficient and effective policing of the railways²
- Appoint the Chief Constable, Deputy Chief Constable, Assistant Chief Constables and the Chief Executive and Treasurer³
- Enter into Police Service Agreements with railway operators⁴
- Employ police constables, civilian employees and cadets⁵
- Regulate the government, administration and conditions of service of those employed by the Authority in the service of the police force⁶
- Set a strategy for policing the railway⁷
- Set objectives for the policing of the railway⁸
- Issue an annual Railways Policing Plan⁹
- Set the budget of expected income and expenditure for policing the railways each year, defray the expenses and recover the cost¹⁰

1.3 The Authority is a body corporate¹¹

1.4 As the legal entity, the Authority has the legal capacity to enter agreements, assume obligations, incur and pay debts, sue and be sued in its own right and to be held responsible for its actions. All contracts of employment are therefore with the Authority. The Authority may delegate to the Chief Constable and Chief Executive the responsibility to enter agreements or contracts, assume obligations, incur and pay debts, and pursue legal action, on its behalf.

1.5 A Policing Protocol exists which sets out the ways in which relevant persons should exercise or refrain from exercising functions so as to encourage, maintain or improve working relationships or limit or prevent overlapping or conflicting exercise of functions. The Authority and Chief Constable are not relevant persons within the definition of the Policing Protocol but where appropriate relevant principles of the Protocol have been incorporated into this Code.

1.6 The Chief Constable is responsible for maintaining the Queen’s Peace and has direction and control over the Force’s staff.

1.7 The Chief Constable is accountable to the law for the exercise of police powers, and to the Authority for the delivery of efficient and effective policing, management of resources and expenditure by the Force.

1.8 The Chief Constable is responsible to the public and accountable to the Authority for:

1.8.1 leading the Force in a way that is consistent with the attestation made by all constables on their appointment and ensuring that it acts with impartiality;

1.8.2 appointing the Force's officers and staff

1.8.2.1 the deputy and assistant chief constables and their police staff equivalents will be appointed through a joint panel and on agreement between the Authority and Chief Constable

1.8.3 having regard to the Policing Plan and Strategy in force at the time in performance of her/his functions;

1.8.4 assisting the Authority in planning the force's budget;

1.8.5 notifying and briefing the Authority of any matter or investigation on which the Authority may need to provide public assurance either alone or in company with the Chief Constable;

1.8.6 entering into collaboration agreements with other chief constables, policing bodies and partners that improve the efficiency or effectiveness of policing, and with the agreement of the Authority and any relevant policing body;

1.8.7 managing all complaints against the force, its officers and staff, except in relation to the Chief Constable, Deputy Chief Constable and Assistant Chief Constables, and ensuring that the Authority is kept informed in such a way as to enable the Authority to discharge its statutory obligation in relation to complaints in a regular, meaningful and timely fashion. Serious complaints and conduct matters must be passed to the Independent Office for Police Conduct (IOPC) or Police Investigations & Review Commissioner (PIRC) for Scotland in accordance with legislation;

1.8.8 exercising direction and control in such a way as to have access to all necessary information and staff within the Force; and

1.8.9 acting as additional accounting officer in accordance with the current additional accounting officer memorandum in place.

1.9 The direction and control of the Chief Constable includes:

- the ability to issue a warrant to an attested officer with which that officer may exercise her/his police powers;
- decisions in relation to the appointment and dismissal of officers and staff in accordance with paragraph 1.8.2
- decisions concerning the configuration of policing resources (or) the decision whether, or whether not, to deploy police officers and staff;
- total discretion to investigate or require an investigation into crimes and individuals as he or she sees fit;
- decisions taken with the purpose of balancing competing needs whilst having regard to priorities and objectives set by the Authority;
- operational decisions to reallocate resource to meet immediate demand; and
- the allocation of officers' specific duties and responsibilities within the force

- area whilst having regard to the strategic objectives set by the Authority¹².

1.10 This list is not exhaustive and is by way of illustration only.

1.11 The operational independence of the police is a fundamental principle of British Policing. It is expected that the professional discretion of the police service and oath of office give surety to the public that this shall not be compromised¹³.

1.12 The Chief Constable remains operationally independent and it is the will of Parliament and Government that the office of constable shall not be open to improper political interference¹⁴.

1.13 The Authority and Chief Constable must work together to safeguard the principle of operational independence, while ensuring that neither party is fettered in fulfilling their statutory role. The context of operational independence is not defined in statute, and as Her Majesty's Inspectorate of Constabulary (HMIC) has stated, by its nature, is fluid and context-driven. The relationship between the Authority and the Chief Constable is defined by the Authority's legal mandate to hold the Chief Constable to account both as part of her/his statutory duty to have regard to the Strategy and Policing Plan and as an employee; primary legislation and common law already provide the framework that underpins operational independence and the Office of Constable¹⁵

1.14 The Authority must not fetter the operational independence of the police force and Chief Constable who leads it¹⁶ however in order to enable the Authority to exercise the functions of their office effectively they will need access to information and officers and staff within their force. Such access to any information must not be unreasonably withheld or obstructed by the Chief Constable and/or fetter the Chief Constable's direction and control of the force¹⁷.

1.15 In order to respond to the strategic objectives set by the Authority and the wide variety of challenges faced by the police every day, the Chief Constable is charged with the direction and control of the Force and day-to-day management of the British Transport Police Fund (BTPF) assets and resources as defined in the scheme of delegation¹⁸.

1.16 The Chief Constable is required to ensure that the Authority is regularly informed of her/his decisions and operational activity in a timely manner so that the Authority can hold the Chief Constable to account for the totality of policing in the Force area, including the operational delivery of the police service. The direction and control of the Chief Constable does not just remain under the scrutiny of the Authority but is open to investigation by the IOPC within the parameters of their terms of reference¹⁹.

1.17 Requiring accountability is a legitimate part of the relationship between the Authority and the Chief Constable where the overriding principle must be that all actions are taken in the wider public interest. The establishment and maintenance of effective working relationships between the Authority, Chief Constable and Chief Executive is fundamental. It is expected that the principles of professionalism, openness and trust will underpin the relationships between all parties and all parties will do their utmost to make the relationships work²⁰.

1.18 The Authority may require the Chief Constable to submit a report on specified matters

connected with the performance of her/his functions²¹.

1.19 The Authority is a publicly accountable body which together with the Chief Constable will need to establish effective working relationships in order to deliver policing of the railways. Where differences occur they will be resolved locally between the Authority and Chief Constable. Professional advice may be offered by HMIC.

1.20 It is perhaps most important of all to remember that the Authority and Chief Constable are working towards a common goal - to deliver efficient and effective policing to ensure a safe, secure and reliable transport system.

Membership

2.1 The Authority Members are appointed by the Secretary of State for Transport. Members are drawn from people who have experience of:

- the rail industry;
- railway staff;
- the travelling public; and
- others with designated experience

2.2 Members are not, however, intended to be representatives of those interests.

2.3 There are also Members with knowledge of the interests of persons in England, Scotland and Wales, in the case of the latter two appointed in consultation with Scottish Ministers and the Welsh Assembly respectively. In the Authority, Members work together and act as a single corporate body.

Chair

2.4 The Chair has particular responsibility to provide effective and strategic leadership to the Authority.

2.5 The Chair, with the support of the Chief Executive, will ensure that all Authority Members, when taking up office, are fully briefed on the terms of their appointment, and their duties, rights and responsibilities.

2.6 The Chair will undertake an annual appraisal with each Authority Member in the final quarter of each financial year to coordinate with the board effectiveness evaluation. The focus of these appraisals will be board effectiveness, individual contribution over the past 12 months, training needs analysis and future focus. The Chair shall agree objectives for each member following these discussions. The appraisal shall also be used as a base for the Chair's report to the Secretary of State on the Member's reappointment.

2.7 The Chair should address the developmental needs of the Authority as a whole with a view to enhancing its effectiveness. Resources should be provided for developing and refreshing the knowledge and skills of Members.

2.8 The Chief Constable and the Chief Executive are to work closely with the Chair to ensure the role and responsibilities of the Authority are discharged.

Members of the Authority

²¹ RTSA 2003 s56(3)

2.9 Members each have a corporate and collective responsibility to ensure that the Authority properly discharges its functions. In doing so, each Member is required to attend all Police Authority meetings and the meetings of those Committees and Groups to which they have been allocated. In addition to attendance at formal Authority and Committee meetings, the Authority may agree that Members should take on additional roles to assist in furthering the Authority's objectives.

2.10 Members will receive a letter each August following the board evaluation which will cover any resulting changes. The purpose of the letter will be to confirm their committee memberships and portfolio allocations for the year. This letter will identify training requirements and provide a breakdown of their 30 days for the year.

2.11 Members of the Authority are required to comply with the Cabinet Office's Code of Conduct for Board Members (Annex 2) which follows the Nolan Principles of Public Life. The Code requires that in undertaking their duties, Members demonstrate and act with probity and transparency.

2.12 For details on terms and conditions for Members see the Framework Document at Annex 3.

- the requirements of passengers and staff and other rail users in relation to personal security and policing

The only exception being where income is received from third parties for specific projects, this will be approached as if it were a contract with responsibility for the income dependent on the value of the project in accordance with the scheme of financial delegation.

8.4 The responsibilities of the Chief Constable and Chief Executive are to be interpreted broadly. In summary they include but are not limited to, ensuring that they discharge their responsibilities efficiently and effectively in accordance with the Authority's Strategy and plans. In accordance with Section 46 of the 2003 Act, for police officers there shall be a Conference to which all questions of rates of pay, hours of duty and conditions of service of transport police shall be referred. The Conference will be chaired by the Chief Executive and will usually be held annually. These decisions will be recorded in Regulations made under section 36 to 40.

8.13 As Treasurer of the BTPF, the Authority Chief Financial Officer is responsible for the proper processes and controls in place for the management of money.

8.14 The Authority shall determine and maintain a medium term financial forecast. This will set out its expectations and intentions in relation to the gross revenue income to the BTPF and expenditure for the next five years²⁹.

8.15 Not later than the end of March in any year for the forthcoming financial year, the Authority will:

- set for the forthcoming year a gross revenue budget for Authority including all sources of income to the BTPF;
- agree the gross expenditure budget for the Authority;
- determine the charges to be paid by PSA holders;
- agree a three year capital expenditure programme; and
- agree the delegated expenditure limit with the DfT.

8.16 The Authority may hold reserves to be applied towards expenses relating to a future period, in accordance with the Authority's policy on reserves. The Authority reserves the right to amend the policy as required.

8.17 The Chief Executive and the Chief Constable will be individually and collectively responsible and accountable for ensuring that all expenditure whether against the revenue budget or the capital programme is properly authorised and accounted for and that no expenditure or commitments are entered into unless authorised within the rules laid down in this governance code or by decision of the Authority.

²⁹ RTSA 2003 Schedule 4, Part 3, Paragraph 20(a)

8.19 Virement thresholds are detailed in the Scheme of Financial Delegations (Annex 7) and the detailed conditions can be found at Financial Regulation 4 (FR4) in Annex 4. Virement will not be possible in respect of expenditure for which specific government funding has been granted.

8.20 The Chief Executive may arrange with the Chief Constable for any or all of his financial functions to be fulfilled by the financial staff under the Chief Constable's direction and control. In doing so formal but straightforward agreements are to be drawn up to ensure that all responsibilities and service levels are clearly defined and agreed (Annex 6 Accounting Officer Memorandums and Service Level Agreement).

Collaboration

8.21 The 2011 Police Reform and Social Responsibility Act amended sections 22A to 23I of the Police Act 1996, which relate to police collaboration arrangements. These arrangements apply to the Authority and BTP.

8.22 The amendments introduced new legal duties for police forces and authorities to;

- Work together (and with policing partners) to keep collaboration opportunities under review
- Collaborate where it is the interests of efficiency and effectiveness of their own, or another, force

8.23 The Authority has the overriding authority to determine questions of efficiency and effectiveness and must approve relevant collaboration agreements. Any collaboration agreements are to be made with the Chief Constable and Authority jointly³⁰.

8.24 The Authority must be included in consultation and discussion at the development/formative stage of any proposed collaboration; similarly the Chief Constable must be consulted by other forces/authorities if collaboration proposals potentially affect officers/staff under his direction and control.

8.25 Chief officers party to a collaborative agreement must each agree that the collaboration is in the interests of at least one of the other parties. This benefit need not be to their own force/police body.

8.26 The Authority and the relevant local policing body must also agree that the collaboration is in the interests of at least one of the other parties. Again, this benefit need not be to their own force/police body.

8.27 In reviewing collaboration opportunities forces and police bodies should take into account:

- Whether the issue is a 'special demand' (when they should use mutual aid legislation instead)
- The likely impact of the proposals on the efficiency or effectiveness of their own or another force/body
- Whether the proposals relate to discharging the functions of (or by) a police force
- How costs/benefits will be shared between parties and arrangements for making/receiving any related payments
- Arrangements for collaborative procurement should be set out in an agreement – this should also take into account EU rules on police procurement – legal advice may be advisable on this aspect
- Any existing agreements which may be affected/superseded
- Whether external (non-police) parties are involved (covered by other legislation)
- Processes by which variations to, and exits from, agreements must be agreed by all parties

³⁰ Police Act 1996 s22a(3) which specifically covers BTP and the Authority by virtue of s23I(3)

8.28 Any refusal to be a party to a collaboration agreement must be reasonable and be articulated. There is currently no statutory right of appeal against a refusal to enter a collaborative agreement.

Capital and Major Revenue Schemes

8.29 The regulations governing capital and major revenue schemes are detailed in the Financial Regulations FR3 (Annex 4). Thresholds as set down in the scheme of financial delegation (Annex 7) shall apply to the approval of schemes and variations to schemes.

Procurement

8.30 The Force Finance Director will establish and maintain Regulations governing the acquisition of goods and services from third parties. These will be agreed first by the Chief Constable and then by the Chief Executive and will be mandatory.

8.31 The Authority requires that these regulations conform to best practice as promulgated by the Office of Government Commerce and/or Chartered Institute of Purchasing and Supply. They must enable the Authority to ensure value for money in all its purchases and contracts and at the same time ensure that goods and services provided by third parties are of the required standard and quality. It is imperative that the process of purchasing and contracting is itself efficient, effective and supportive of business needs.

Scheme of managerial delegations

8.32 The Chief Constable is authorised to take any action or make a decision associated with the day to day running of the Force and the furtherance of the strategies, policies and objectives of the Authority so long as all such actions or decisions:

- have regard to such strategies policies and objectives and, insofar as they incur expenditure, are within the Authority's budget or capital programme as appropriate;
- do not create new or change existing policies that have been agreed by the Authority; and
- are also authorised within the scheme of delegation being within the limits of the financial authority delegated to him.

8.33 The Chief Executive is authorised to manage and direct the work of the Authority in accordance with its Strategy, plans, budgets and policies. Specifically, the Chief Executive is authorised to take any action or make a decision associated with the day to day running of the Authority and the furtherance of its strategies, policies and objectives so long as all such actions or decisions:

- have regard to with such strategies, policies and objectives and insofar as they incur expenditure are within the Authority's budget or capital programme as appropriate;
- do not create new or change existing policies that have been agreed by the Authority; and
- are also authorised within the scheme of delegation as within the limits of the financial authority delegated to him.

8.34 The Chief Constable and Chief Executive may delegate their responsibilities to members of their staff but in doing so they retain ultimate accountability for any decisions taken. In the absence of the Chief Constable her/his duties and responsibilities may be exercised by the Deputy Chief Constable. In the absence of the Chief Executive his duties and responsibilities may be exercised by the

Authority Finance Director as Deputy Chief Executive.

8.35 In acting within these delegations, the Chief Constable and Chief Executive and others acting on their behalf should always consult and keep the Chair fully informed on all matters likely to be of concern to Members of the Authority.

Scheme of financial delegations

8.36 The intention behind this scheme is to ensure the proper and timely conduct of the Authority's business. The decisions authorised under this scheme will be final decisions to proceed and they will commit the Authority.

8.37 The scheme assumes that through the budget and capital programme and related policies a framework has been created within which individual projects are authorised and progressed. Some of these projects will be of such value or strategic importance that the Authority decides not to delegate authority.

8.38 Generally, projects having been included and authorised in the capital programme or budget, can be finally authorised under delegated authority and it is these that this scheme is primarily concerned with. It is recognised that projects funded by third parties, or from a commutation of revenue to capital, may be authorised in addition to those that were included in the capital scheme, in accordance with the scheme of financial delegation virement thresholds.

8.39 Emergencies of varying kinds, particularly with an operational force like BTP, may arise from time to time that could not have been foreseen. The scheme gives the Chief Constable authority to incur expenditure in such circumstances. To regularise the position the Chief Constable shall consult the Chair and Chief Executive as Accounting Officer before or very soon after such a decision.

8.40 The scheme can be found at Annex 7 and it should be noted that all financial amounts are inclusive of VAT.

Police Service Agreements and Charging

8.41 The Authority has the power to enter into PSAs and enhanced PSAs (EPSAs) with railway operators, and owners of railway property who, in connection with which, provide railway services³¹.

8.42 The Authority must aim to ensure that the amount of contribution to the BTPF made by each customer in a financial year approximately reflects the nature and extent of the functions likely to be undertaken in that year in accordance with the customer's PSA³². This is achieved through the use of a charging model, which combines carefully selected data sources to defray the expenses in accordance with this requirement. The Governance Statement for charges to PSA Holders sets out and formalises the governance arrangements that apply to the calculation and allocation of costs to PSA holders, both for the statutory policing function and the enhanced police services.

8.43 The Medium Term Financial Forecast satisfies the requirement of the Authority to estimate the likely ratio of customer contributions to the BTPF before and in relation to each consecutive period of five financial years³³.

Pensions

³¹ Section 33

³² Section 33(4)(b)

³³ Schedule 4, Part 3, Section 20

8.44 The Authority has the power to vary the terms of the pension schemes operated for the police officers and staff. The Authority may, with the consent of the Secretary of State, arrange for the establishment of a new pension scheme for the benefit of officers or staff.

8.45 The Authority will scrutinise and monitor all major decisions regarding the investments of the scheme.

8.46 The Authority will review the triennial valuations for all current pension schemes and ensure that prudent assumptions are made in line with actuarial advice. It will ensure that appropriate measures are taken in order to satisfy the regulations set out by both the pensions Regulators and the Trustees of the Railways Pension scheme.

Risk Management and Controls

Risk Management

9.1 The Chief Constable and the Chief Executive will agree and recommend a risk strategy and risk appetite on an annual basis to the Audit and Risk Assurance Committee for recommendation to the Authority. A Joint Risk Register which identifies evaluates and describes mitigation and management measures in relation to all the key internal and external strategic risks to the Authority and Force listed will be maintained. Operational risk registers should also be maintained with structures in place for risks to escalate and de-escalate throughout the risk hierarchy.

9.2 The Strategic Risk Register will be reported and discussed quarterly at the Audit Committee before any significant matters and recommendations are taken to the Full Authority. Once a year, the Authority will review the full risk register, risk appetite and organisation-wide risk documents then delegate these to ARAC for approval. Internal Audit will separately advise the Chief Executive and Chief Constable as Accounting Officers and the Audit and Risk Assurance Committee of their opinion on the accuracy and sufficiency of the registers and the efficacy of the proposed mitigation and management measures.

9.3 Risk profiles will be provided to all Authority Committees and Working Groups to guide Members to consider the highest strategic risks and underlying risk drivers.

9.4 An escalation mechanism for remitting governmental risks to the DfT is included in the Framework Document.

External Audit and Governance Statement

9.5 The Authority shall ensure that arrangements are in place for the Comptroller and Auditor General to receive a copy of the financial accounts for the BTPF for each financial year as soon as reasonably practicable after the end of each year to examine, certify, report on and lay before both Houses of Parliament³⁴.

9.6 Having received assurance from the Chief Constable, as the Additional Accounting Officer, in accordance with his responsibilities under the Scheme of Delegation, the Chief Executive as Accounting Officer is to confirm the adequacy of all internal control systems and report on the same to the Comptroller and Auditor General. This Governance Statement will be prepared in accordance with Treasury and NAO guidance and will be reported to the Audit and Risk Assurance Committee.

Management Assurance Return (MAR)

³⁴ Schedule 4, Part 3, 17-17A

9.7 The MAR was developed by the DfT in 2009-10 following the consolidation of whole government accounts. This tool is used by DfT to gain assurance from all of its arms' length bodies, on specific issues of internal governance and internal control.

9.8 The Authority is required to submit a MAR in accordance with the DfT timetable each year. The MAR is reviewed by the internal auditors, Audit and Risk Assurance Committee and Chief Constable as Additional Accounting Officer. Following assurance from each of the above named parties the MAR is signed by the Chief Executive as Accounting Officer.

Internal Audit

9.9 The Authority is required to make arrangements for internal audit under the framework agreement with the DfT. The Internal Audit arrangements are fulfilled by the DfT internal audit team.

Information Management

9.10 In accordance with FR20 both the Authority and Force must ensure that they are compliant with the relevant legislation in this area, e.g. the Freedom of Information and Data Protection Acts, but also the Government Information Assurance Standards and Security Policy Framework. Annual assurance reports on information management compliance shall be provided by BTP to the Audit and Risk Assurance Committee.

Her Majesty's Inspectorate of Constabulary

9.11 BTP may be inspected by HMIC either through agreement with the HMIC or on the request of the Secretary of State³⁵. Inspection reports are received and reviewed by the Audit and Risk Assurance Committee with progress against action plans delegated from the Audit and Risk Assurance Committee to the relevant committee of the Authority.

9.12 As the legal employer of the officers and staff under the direction and control of the Chief Constable, the Authority is legally responsible for ensuring, so far as reasonably practicable, the health, safety and welfare at work of these individuals³⁶. The day-to-day health and safety responsibility for officers and staff under the direction and control of the Chief Constable is delegated to the Chief Constable. Compliance is reported to, and assessed by, the Audit & Risk Assurance Committee.

Monitoring and Review Arrangements

Board Effectiveness

10.1 The DfT has published guidance based on the Treasury document Corporate Governance in Central Government Departments: Code of Good practice 2017. This Guidance requires all arms' length bodies to conduct an evaluation of board, committee and member effectiveness annually with an independent input at least every three years.

10.2 The Authority is required to report the findings of its board level effectiveness evaluation to the Principal Accounting Officer at the DfT along with a plan for how the Authority will address any identified weaknesses. The evaluation report and action plan must be submitted within 3 months of the evaluation being completed. Progress against the evaluation action plan will be monitored

³⁵ Section 63

³⁶ Section 2(1) Health and Safety at Work Act 1974 c.37

through the bi-monthly sponsorship meetings with the DfT. Managing Public Money also requires that the evaluation be reported in the Annual Governance Statement.

10.3 Board effectiveness evaluations will take place in the final quarter of each financial year and culminate in a report to the June Authority meeting to accommodate the accounts timetable.

10.4 Committee effectiveness will be evaluated at a high level by the board evaluation, however, each committee will continue to review its terms of reference and effectiveness as part of its development of its work plan for the following year.

10.5 For information on member appraisals see paragraph 2.6.

Review of the Code

11.1 The Code is a living document and may be updated in-year with proposed updates presented to the Authority for approval prior to inclusion. It shall be subject to a formal review at the Authority meeting each year following the completion of the Board Effectiveness Evaluation.

ANNEX 2: Code of Conduct for Board members of Public Bodies³⁷

Foreword

The Government expects all holders of public office to work to the highest personal and professional standards. In support of this, all non-executive board members of UK public bodies must abide by the principles set out in this Code of Conduct. The Code sets out, clearly and openly, the standards expected from those who serve on the boards of UK public bodies and should form part of individual members' terms and conditions of appointment. It also makes clear that harassing, bullying or other inappropriate or discriminatory behaviour is not consistent with what is expected of a board member of UK public bodies and will not be tolerated. Any breach of the Code should be viewed as a breach of the terms of appointment.

The principles set out in this code apply to all non-executive members on the boards of government departments, non-ministerial departments, executive agencies, non-departmental public bodies (NDPBs) and national public corporations.

The Code complements a public body's governing documents (legislation, memorandum and articles of association, royal charter) and any administrative documents (framework agreements, memoranda of understanding) which may set out the responsibilities and obligations of its board members. The Code's provisions must be observed alongside the provisions set out in these documents.

This Code replaces the Code of Conduct for Board Members of Public Bodies issued by the Cabinet Office in 2011. This Code can be found online [here](#).

In the first instance any propriety and ethics issues should be raised with the senior responsible official within your sponsoring department, or the Permanent Secretary as necessary. If additional advice is required, any questions should be directed to the Cabinet Office on: pbpropriety@cabinetoffice.gov.uk.

1. Introduction

As a public office holder, your behaviour and actions must be governed by the principles set out in this Code of Conduct. It is your responsibility to ensure that you are familiar with, and comply with, all the relevant provisions of the Code.

2. Key principles of public life

2.1 The key principles upon which this Code of Conduct is based are the Seven Principles of Public Life. These are:

Selflessness

Holders of public office should act solely in terms of the public interest.

Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

³⁷ Published by Cabinet Office (June 2019)

Objectivity

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

Accountability

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

Openness

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

Honesty

Holders of public office should be truthful.

Leadership

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

[Read more about the 7 principles of public life.](#)

2.2 These principles should inform your actions and decisions as a board member.

3. General conduct

3.1 Use of Public Funds¹

You have a duty to ensure the safeguarding of public funds² and the proper custody of assets which have been publicly funded.

You must carry out these obligations responsibly – that is, take appropriate measures to ensure that the body uses resources efficiently, economically and effectively, avoiding waste and extravagance. It will always be an improper use of public funds for public bodies to employ consultants or other companies to lobby Parliament, Government or political parties.

3.2 Allowances

You must comply with the rules set by the board and the public body regarding remuneration, allowances and expenses. It is your responsibility to ensure compliance with all relevant HM Revenue and Customs' requirements concerning payments, including expenses.

3.3 Gifts and Hospitality

You must not accept any gifts or hospitality which might, or might reasonably appear to, compromise your personal judgement or integrity or place you under an improper obligation.

You must never canvass or seek gifts or hospitality.

You must comply with the rules set by the body on the acceptance of gifts and hospitality. You should inform the Chief Executive (or equivalent) of any offer of gifts or hospitality and ensure that, where a gift or hospitality is accepted, this is recorded in a public register in

line with the rules set by the body.

You are responsible for your decisions on the acceptance of gifts or hospitality and for ensuring that any gifts or hospitality accepted can stand up to public scrutiny and do not bring your public office and the public body into disrepute.

3.4 Use of Official Resources

You must not misuse official resources³ for personal gain or for political purposes. Deployment of such resources must be in line with the body's rules on their usage.

3.5 Use of Official Information

You must not misuse information gained in the course of your public service for personal gain or for political purpose.⁴

You must not disclose any information which is confidential in nature or which is provided in confidence without authority. This duty continues to apply after you have left the board.

3.6 Political Activity

In your public role, you should be, and be seen to be, politically impartial. You should not occupy a paid party political post or hold a particularly sensitive or high-profile role in a political party. You should abstain from all controversial political activity and comply with the principles set out in Cabinet Office rules on attendance at party conferences⁵ and on conduct during the period prior to elections and referendums, whether local or national.⁶

On matters directly related to the work of the body, you should not make political statements or engage in any other political activity.

You should inform the Chair, Chief Executive and/or the parent/sponsor department before undertaking any significant political activity. Subject to the above, you may engage in political activity but should, at all times, remain conscious of your responsibilities as a board member and exercise proper discretion.

If you are an MP, [MEP⁷], member of the House of Lords, member of a devolved legislature, directly elected mayor, local councillor or police and crime commissioner, you are exempt from these requirements. There is no bar on such representatives taking a political party whip relating to their political role. You must exercise proper discretion on matters directly related to the work of the body and recognise that certain political activities may be incompatible with your role as a board member. You should not allow yourself to become embroiled in matters of political controversy.

In your official capacity, you should be even-handed in all dealings with political parties.

3.7 Employment and Appointments

If you wish to take up additional employment or appointments during your term of office, you must inform the Chair and/or the relevant parent department in advance, and allow them the opportunity to comment. Care should be taken if you accept additional public appointments to ensure that you are not being paid twice from the public purse for the same time.

On leaving office, you must comply with the rules of the body on the acceptance of future employment or appointments. Each body should have its own rules on this.

4. Conflicts of Interest

4.1 When accepting an appointment to the public body you should consider if any conflicts of interest arise from your private interests or by virtue of any other roles you hold. You should consider, with advice from the appointing department how these should best be managed, and agree these with the organisation.

4.2 You must ensure that no conflict arises, or could reasonably be perceived to arise, between your public duties [8](#) and your private interests, financial or otherwise.

4.3 You must comply with the rules of the body on handling conflicts of interests. As a minimum, these will require you to declare publicly, usually in the body's register of interests, any private financial or non-financial interests of your own, or of close family members, which may, or may be perceived to, conflict with your public duties.⁸ The rules will also require you to remove yourself from the discussion or determination of matters in which you have a financial interest. In matters in which you have a non-financial interest, you should not participate in the discussion or determination of a matter where the interest might suggest a danger of [bias](#).⁹

4.4 It is your responsibility to ensure that you are familiar with the body's rules on handling conflicts of interests, that you comply with these rules and that your entry in the body's public register of members' interests is accurate and up-to-date

5. Responsibilities as a board member, including non-executive chairs

5.1 You should play a full and active role in the work of the body. You should fulfil your duties and responsibilities responsibly and, at all times, act in good faith and in the best interests of the body.

5.2 You should promote an inclusive and diverse culture in the body and your actions should help create an environment where different perspectives and backgrounds are encouraged and valued.

5.3 You should deal with the public and their affairs fairly, efficiently, promptly, effectively and sensitively, to the best of your ability. You must not act in a way that unjustifiably favours or discriminates against particular individuals or interests.

5.4 You must not harass, bully or act inappropriately towards or discriminate towards others. Such behaviour is not consistent with what is expected of you as a board member and will not be tolerated.

5.5 You must comply with any statutory or administrative requirements relating to your post.[10](#)

5.6 You should respect the principle of collective decision-making and corporate responsibility. This means that, once the board has made a decision, you should support that decision.[11](#)

5.7 You must not use, or attempt to use, the opportunity of public service to promote your personal interests or those of any connected person, firm, business or other organisation.

5.8 You must inform the sponsor department of the body of any bankruptcy, current police investigation, unspent criminal conviction or disqualification as a company director in advance of appointment or should any such instances occur during your appointment.

5.9 You must also inform the sponsor department of the body of any change in your circumstances which results in you becoming bankrupt, subject to a police investigation, convicted of a criminal offence or disqualified from being a company director.

5.10 You have additional responsibilities as the chair of the body in leading the board/body and in ensuring that the principles covered in the Codes of Conduct for Board Members and Staff (where applicable) are upheld.

6. Responsibilities towards employees

6.1 You will treat any staff employed by the body with courtesy and respect. It is expected that employees will show you the same consideration in return.

6.2 You will not ask or encourage employees to act in any way which would conflict with their own Code of Conduct.

7. Social Media

7.1 Social media is a public forum and the same considerations, including the provisions of this Code, apply as would to speaking in public or writing something for publication, either officially or in a personal capacity. When engaging with social media you should at all times respect confidentiality, financial, legal and personal information.

7.2 Where any personal social media accounts used by you make reference or link to your public role, you should take care to ensure that it is clear in what capacity you are acting.

8. Raising concerns

8.1 You should ensure that the body has an open, transparent and safe working environment where employees feel able to speak up and raise concerns, and complaints procedures are clearly communicated to them.

8.2 If you have a concern about a possible breach of this Code, a concern that you or any staff of the body are being asked to act in contravention of their own code of conduct, or a concern about misconduct or wrongdoing in any other areas, then you have a responsibility to raise that internally with the chair of the body or the Permanent Secretary of the sponsor department as appropriate.

1. For more guidance on how to handle public funds, please refer to [Managing Public Money](#) 
2. This should be taken to include all forms of receipts from fees, charges and other sources. 
3. This includes facilities, equipment, stationery, telephony and other services. 
4. Board members who misuse information gained by virtue of their position may be liable for breach of confidence under common law or may commit a criminal offence under insider dealing legislation. 
5. [Civil servants and party conference guidance](#) 
6. [Election guidance for civil servants](#) 
7. For the period which the UK remains a member of the European Union. 
8. In general, all financial interests should be declared. When considering what non-financial interests should be declared, you should ask yourself whether a member of the public, acting reasonably, would consider that the interest in question might influence your words, actions or decisions. 
9. These are common law provisions. 
10. In the case of a body incorporated under the [Companies Act](#) or the [Companies \(Northern Ireland\) Order](#), you will also be subject to the duties of directors under company law. In the case of a body that has charitable status, you will also be

subject to the duties of trustees under charities law. [↗](#)

11. This does not apply to departmental non-executive board members, whose role is to advise and challenge the board and department. [↗](#)

8. Annual report and accounts

8.1 The Authority must publish an annual report of its activities together with its audited accounts after the end of each financial year. The Authority shall provide the DfT with its finalised (audited) accounts by 30 June each year in order for the accounts to be consolidated within the DfT's accounts unless prevented by reasons outside its control.

8.2 The annual report must:

- cover any corporate, subsidiary or joint ventures under its control;
- comply with the Treasury's Financial Reporting Manual (FReM);

- keep records of, and prepare and forward to the DfT an annual report on fraud and theft suffered by the Authority and notify the DfT of any unusual or major incidents as soon as possible.

9.2 Subject to security clearance the DfT's internal audit service has a right of access to all documents, including where the service is contracted out.

10. External audit

10.1 The Comptroller & Auditor General (C&AG) audits the Authority annual accounts and lays them before Parliament, together with his report. In the event that the Authority has set up and controls subsidiary companies, it will ensure that the C&AG is appointed auditor of those company subsidiaries that it controls and/or whose accounts are consolidated within its own accounts. The Authority shall discuss with the DfT the procedures for appointing the C&AG as auditor of the companies.

10.2 The C&AG:

- will consult the DfT and the Authority on whom – the NAO or a commercial auditor – shall undertake the audit(s) on his behalf, though the final decision rests with the C&AG;
- has a statutory right of access to relevant documents, including by virtue of section 25(8) of the Government Resources and Accounts Act 2000, held by another party in receipt of payments or grants from the Authority;
- will share with the DfT information identified during the audit process and the audit report (together with any other outputs) at the end of the audit, in particular on issues impacting on the DfT's responsibilities in relation to financial systems within the Authority;
- will, where asked, provide departments and other relevant bodies with Regulatory Compliance Reports and other similar reports which departments may request at the commencement of the audit and which are compatible with the independent auditor's role

10.3 The C&AG may carry out examinations into the economy, efficiency and effectiveness with which the Authority and Force have used their resources in discharging their functions. For the purpose of these examinations the C&AG has statutory access to documents as provided for under section 8 of the National Audit Act 1983. In addition, the Authority and Force shall provide, in conditions to grants and contracts, for the C&AG to exercise such access to documents held by grant recipients and contractors and sub-contractors as may be required for these examinations; and shall use its best endeavours to secure access for the C&AG to any other documents required by the C&AG which are held by other bodies.

Right of access

10.4 Subject to security clearance the department has the right of access to all Authority records and personnel for any purpose including, for example, sponsorship audits and operational investigation.

Management and financial responsibilities

11. Managing Public Money and other government-wide corporate guidance and instructions

11.1 Unless agreed by the DfT and, as necessary, HM Treasury, the Authority shall follow the principles, rules, guidance and advice in Managing Public Money, referring any difficulties or potential bids for exceptions to the Sponsorship Team at DfT in the first instance. A list of guidance and instructions with which the NDPB should comply is in Appendix 1.

11.2 Once the budget has been approved by the Authority (see 15) and subject to any restrictions imposed by statute, the responsible minister's instructions and this document, the Authority shall have authority to incur expenditure approved in the budget without further reference to the DfT, on the following conditions:

- The Authority shall comply with the delegations set in out in Appendix 2. These delegations shall not be altered without the prior agreement of the sponsor department;
- the Authority shall comply with Managing Public Money regarding novel, contentious or repercussive proposals;
- inclusion of any planned and approved expenditure in the budget shall not remove the need to seek formal DfT approval where any proposed expenditure is outside the delegated limits or is for major new schemes not previously agreed;

- the Authority shall provide the DfT with such information about its operations, performance individual projects or other expenditure as the DfT may reasonably require.

12. Corporate governance

Board appointments - the chairman and board members

12.1 The Authority chairman and board members are appointed for a period of years by the responsible minister. Such appointments will comply with the Commissioner on Public Appointments Code of Practice for Ministerial Appointments to Public Bodies

Board appointments – the Chief Executive

12.2 The Chief Executive is appointed by the Authority in accordance with RTSA 2003 Schedule 4, Part 2 para 11b

Composition of the board

12.3 Schedule 4 to the Railways and Transport and Safety Act 2003 sets out the statutory requirements which apply to the composition of the Authority Board. In addition, and in line with the government's Code of Practice on Corporate Governance (<http://www.gov.uk/government/publications/corporate-governance-code-for-central-government-departments>), the Board will consist of a chairman and members who have a balance of skills and experience appropriate to directing the Authority's business.

13. Risk management

13.1 The Authority and BTP shall ensure that the risks that it faces are dealt with in an appropriate manner, in accordance with relevant aspects of best practice in corporate governance, and develop a risk management strategy, in accordance with the Treasury guidance Management of Risk: Principles and Concepts (http://www.hmtreasury.gov.uk/orange_book.htm). It should adopt and implement policies and practices to safeguard itself against fraud and theft, in line with the Treasury's guidance on tackling fraud (http://www.wenarchive.nationalarchives.gov.uk/20130129110402/http://www.hm-treasury.gov.uk/d/managing_the_risk_fraud_guide_for_managers.pdf.pdf). It should also take all reasonable steps to appraise the financial standing of any firm or other body with which it intends to enter into a contract or to give grant or grant-in-aid.

13.2 The Chief Constable and the Chief Executive will create and maintain a strategic risk register. This will identify evaluate and describe mitigation and management measures in relation to all the key risks listed. The Register will be reported and debated quarterly at the Audit Committee before going to the Full Authority where any significant matters and recommendations for escalation to the DfT (whether resulting from consequential risk to the DfT or owing to further mitigation requiring the support of DfT) will be raised and debated and the register approved. Internal Audit will separately advise the Chief Executive and Chief Constable as Accounting Officers and the Audit Committee of their opinion on the accuracy and sufficiency of the register and the efficacy of the proposed mitigation and management measures.

13.3 The Authority Chief Financial Officer will brief the sponsorship team as soon as possible after the escalation decision is taken. Escalated risks will be monitored through the bi-monthly sponsorship meetings.

Governance Statement

13.4 As Accounting Officer the Chief Executive has to confirm the adequacy of all internal control systems and report on the same to the Comptroller and Auditor General. This Governance Statement will be prepared in accordance with Treasury guidance.

14. Strategic and policing plans

14.1 Every three years the Authority shall prepare a strategic plan covering three years ahead. The plan shall reflect the Authority's statutory duties and, within those duties, the priorities set from time to time by the responsible minister (including decisions taken on policy and resources in the light of wider public expenditure decisions). The plan shall be copied to the Secretary of State. The Plan will be reviewed at the end of the first and second year.

14.2 The first year of the strategic plan, amplified as necessary, shall form the policing plan. The policing plan shall be updated to include key targets and milestones for the year immediately ahead and shall be linked to budgeting information so that resources allocated to achieve specific objectives can readily be identified by the DfT. Subject to any commercial considerations, the strategic and policing plans should be published by the Authority on its website and separately be made available to staff.

14.3 The following key matters should be included in the plans:

- key objectives and associated key performance targets for the forward years, and the strategy for achieving those objectives;
- key non-financial performance targets;
- a review of performance in the preceding financial year, together with comparable outturns for previous years, and an estimate of performance in the current year;
- alternative scenarios and an assessment of the risk factors that may significantly affect the execution of the plan but that cannot be accurately forecast; and
- other matters as agreed between the DfT and the Authority.

15. Budgeting procedures

15.1 Each year the Authority shall set an annual budget, taking into account any specific directions issued by the Department, and provide a statement of such budget to the Department (the agreed net budget). The Department shall send to the Authority each year a statement of any planned changes in policies affecting the Authority.

15.2 When setting its budget, the Authority shall have regard to any impact on the Department's DEL and shall restrict such impact to limits agreed with the Department.

15.3 The approved annual policing plan will take account both of approved funding provision and forecast receipts, and will include a budget of estimated payments and receipts together with a profile of expected expenditure and of draw-down of any DfT funding and/or other income over the year.

16. Grant-in-aid and any ring-fenced grants

16.1 Grant-in-aid provided by the DfT for the year in question will be voted in the DfT's Supply Estimate and be subject to Parliamentary control.

16.2 The grant-in-aid will normally be paid in instalments on the basis of written applications showing evidence of need. The Authority will comply with the general principle, that there is no payment in advance of need. Cash balances accumulated during the course of the year from grant-in-aid or other Exchequer funds shall be kept to a minimum level consistent with the efficient operation of the Authority. Grant-in-aid not drawn down by

the end of the financial year shall lapse. Subject to approval by Parliament of the relevant Estimates provision, where grant-in-aid is delayed to avoid excess cash balances at the year-end, the DfT will make available in the next financial year any such grant-in-aid that is required to meet any liabilities at the year end, such as creditors.

Emergency provision

16.3 Where the DfT provides the Authority with separate grants for specific (ring- fenced) purposes – such as funding for exceptional emergency work associated with a rail crash or terrorist incident - it will issue the grant as and when the Authority needs it on the basis of a written request. The Authority will provide evidence that the grant was used for the purposes authorised by the DfT. The Authority shall not have uncommitted specific grant funds in hand, nor carry specific grant funds over to another financial year.

17. Reporting performance to the DfT

17.1 The Authority shall operate management, information and accounting systems that enable it to review in a timely and effective manner its financial and non- financial performance against the budgets and targets set out in the strategic and policing plans. The Authority shall inform the DfT of any changes that make achievement of objectives more or less difficult. It shall report financial and non- financial performance, including performance in helping to deliver ministers' policies, and the achievement of key objectives at its regular meetings with the appointed DfT officials. The Authority's performance shall be formally reviewed by the DfT twice a year. The responsible minister will meet the chairman and chief executive at least once a year.

Providing monitoring information to DfT

17.2 As a minimum, the Authority and force shall provide the DfT with information monthly, normally at the time of submitting a claim for grant in aid if one is being made, that will enable the DfT satisfactorily to monitor:

- the Authority's cash management;
- its draw-down of grant-in-aid;
- forecast outturn by resource headings;
- other data required for the Combined On-line Information System (COINS)

The Authority/DfT working level liaison arrangements

17.3 Officials of the DfT Sponsorship Team will liaise regularly with the Authority officials to review financial performance against plans, achievement against the Authority targets and the Authority's expenditure against its DEL and AME allocations. The Sponsorship Team will also take the opportunity to explain wider policy developments that might have an impact on the Authority through regular sponsorship meetings and day to day contact.

18. Delegated authorities

18.1 The Authority's delegated authorities are set out in Appendix 2. The Authority shall obtain the DfT's prior written approval before:

- entering into any undertaking to incur any expenditure which is not provided for in the Authority's annual budget as approved by DfT.
- incurring expenditure for any purpose that is or might be considered novel or contentious, or which has or could have significant future cost implications;
- making any significant change in the scale of operation or funding of any initiative or particular scheme previously approved by DfT;

- making any change of policy or practice which has wider financial implications that might prove repercussive or which might significantly affect the future level of resources required; or
- carrying out policies that go against the principles, rules, guidance and advice in *Managing Public Money*.

19. The Authority staff

Broad responsibilities for the Authority staff

19.1 Within the arrangements approved by the responsible minister and the Treasury the Authority will have responsibility for the recruitment, retention and motivation of staff. The broad responsibilities toward its staff are to ensure that:

- the rules for recruitment and management of staff create an inclusive culture in which diversity is fully valued; appointment and advancement is based on merit: there is no discrimination on grounds of gender, marital status, sexual orientation, race, colour, ethnic or national origin, religion, disability, community background or age;
- the level and structure of its staffing, including grading and staff numbers, are appropriate to its functions and the requirements of economy, efficiency and effectiveness;
- the performance of its staff at all levels is satisfactorily appraised and the Authority performance measurement systems are reviewed from time to time;
- its staff are encouraged to acquire the appropriate professional, management and other expertise necessary to achieve the Authority's objectives;
- proper consultation with staff takes place on key issues affecting them;
- adequate grievance and disciplinary procedures are in place;
- whistle-blowing procedures consistent with the Public Interest Disclosure Act are in place;
- a code of conduct for staff is in place based on the Cabinet Office's Model Code for Staff of Executive Non-departmental Public Bodies https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/80082/PublicBodiesGuidance2006_5_public_body_staffv2_0.pdf.

Staff costs

19.2 Subject to its delegated authorities, the Authority shall ensure that the creation of any additional posts does not incur forward commitments that will exceed its ability to pay for them.

Pay and conditions of service

19.3 The Authority staff are subject to levels of remuneration and terms and conditions of service (including pensions) within the general pay structure approved by DfT and, where necessary, the Treasury. The Authority has no delegated power to amend these terms and conditions. In considering the Authority staff matters, the DfT will have regard to Chapter 5 of the Cabinet Office Guide to Public Bodies that provides guidance on staff issues in public bodies ().

19.4 If civil service terms and conditions of service apply to the rates of pay and non-pay allowances paid to the staff and to any other party entitled to payment in respect of travel expenses or other allowances, payment shall be made in accordance with the Civil Service Management Code (<https://www.gov.uk/government/publications/civil-servants-term-and-conditions>) except where prior approval has been given by the DfT to vary such rates. By virtue of the Railways and Transport Safety Act 200338 membership of or employment by the Authority is not employment in the civil service of the State.

19.5 Staff terms and conditions should be set out in an Employee Handbook, which should be provided to the DfT together with subsequent amendments.

19.6 If the Authority operate a performance-related pay scheme that shall form part of the staff annual aggregate pay budget approved by the DfT or the general pay structure approved by the DfT and the Treasury, whichever is applicable].

19.7 The travel expenses of Authority members shall be tied to the rates allowed to senior staff of the Authority. Reasonable actual costs shall be reimbursed.

19.8 The Authority shall comply with the EU Directive on contract workers – the Fixed-Term Employees (Prevention of Less Favourable Treatment) Regulations.

Pensions, redundancy and compensation

19.9 The Authority staff shall normally be eligible for a pension provided by its own scheme. Staff may opt out of the occupational pension scheme provided by the Authority, but that employers' contribution to any personal pension arrangement, including stakeholder pension shall normally be limited to the national insurance rebate level.

19.10 Any proposal by the Authority to move from the existing pension arrangements, or to pay any redundancy or compensation for loss of office, requires the prior approval of the DfT on a case by case basis. Proposals on severance must comply with the rules in chapter 4 of Managing Public Money.

20. Review of the Authority status

20.1 The Authority will be reviewed every five years. The next review will be due in 2019.

21. Arrangements in the event that the Authority is wound up

21.1 The DfT shall put in place arrangements to ensure the orderly winding up of the Authority. In particular it should ensure that the assets and liabilities of the Authority are passed to any successor organisation and accounted for properly. (In the event that there is no successor organisation, the assets and liabilities will revert to the DfT). To this end, the DfT shall:

- ensure that procedures are in place in the Authority to gain independent assurance on key transactions, financial commitments, cash flows and other information needed to handle the wind-up effectively and to maintain the momentum of work inherited by any residuary body;
- specify the basis for the valuation and accounting treatment of the Authority's assets and liabilities;
- ensure that arrangements are in place to prepare closing accounts and pass to the C&AG for external audit, and that funds are in place to pay for such audits. It shall be for the C&AG to lay the final accounts in Parliament, together with his report on the accounts;

- arrange for the most appropriate person to sign the closing accounts. In the event that another NDPB takes on the role, responsibilities, assets and liabilities, the succeeding NDPB AO should sign the closing accounts. In the event that the DfT inherits the role, responsibilities, assets and liabilities, the DfT's AO should sign.

21.2 The Authority shall provide the DfT with full details of all agreements where the Authority or its successors have a right to share in the financial gains of developers. It should also pass to the DfT details of any other forms of claw-back due to the Authority.

22. Review of this Framework Document

22.1 The Framework Document is to be reviewed annually and any amendments discussed at the sponsorship meetings.

However, where resources are under the control of the Chief Executive, the duties, rights and powers as detailed for the Chief Constable shall apply equally to the Chief Executive.
8. The terms Chief Constable, Chief Executive, Authority Finance Director and Force Finance Director include any members of staff, contractors or agents to whom particular responsibilities may be lawfully delegated. However, the level of such delegated responsibility must be evidenced clearly, made to an appropriate level and the member of staff given sufficient authority, training and resources to undertake the duty in hand.
9. In particular, the Chief Constable will exercise his or her delegated powers for the day to day financial management of the BTPF, through the Force Finance Director. References in this document to Force Finance Director reflect the practical day to day responsibilities.

Introduction

10. Proper management of resources and a sound financial standing enables the Authority to achieve its aims and objectives. The Framework Document, the Accounting Officer Memorandum and the Additional Accounting Officer Memorandum are to be read in conjunction with this document. The Financial Management Governance Code is supported by the Financial Regulations which set out the arrangements for controlling revenue and capital spending.
11. This protocol has been guided by the Framework Document, Cabinet Office guidance for NDPBs and the Combined Code on Corporate Governance. Nothing in this protocol is intended to override the requirements of HM Treasury's Managing Public Money.
12. Financial management covers all financial accountabilities in relation to the operation of the BTPF. All Members, Authority officers, police staff and police officers have a duty to abide by the highest standards of probity in dealing with financial issues.

General Principles of Financial Management: Planning, Funding and Control

13. The general principles that are to be adhered to in operation of the BTPF are:

13.1 its aims and objectives are agreed, clearly defined and included as appropriate in the underlying statute and Framework Document;

13.2 the respective responsibilities of the Authority and the Department for Transport (DfT) are clearly defined in a Framework Document;

13.3 the Authority will establish the broad policy framework within which it will operate, and performance targets are set covering economy, efficiency and effectiveness in the delivery of its services;

13.4 the BTPF has sound internal financial and management information systems including:

13.4.1 management accounting systems to enable the BTPF to monitor and control its expenditure and revenue against budget;

13.4.2 financial management information systems to enable it to produce annual accounts in statutory format;

13.4.3 a governance framework for the calculations of annual PSA Charges and EPSA Charges

13.4.4 a system of corporate planning leading to the production of an annual strategic plan; and management measurement systems to ensure that there is continual evaluation of progress towards key targets covering financial performance, quality of services and efficiency and adjustment of those targets as necessary.

14. All systems will ensure that the BTPF is used to make the best use of the resources and secure value for money in all areas; and the Authority will carry out regular assessments designed to monitor performance and ensure the financial management arrangements reflect best public sector practice and are working efficiently.

General Principles of Financial Management: Accountability

15. The general principles that the BTPF should adhere to regarding corporate governance, based on the Cabinet Office guide for NDPBs, are that:

- 15.1 the Authority should aim to improve accountability and use its annual accounts and reports to demonstrate to Parliament, taxpayers, the railway industry and customers the extent to which they are achieving improved value-for money;
 - 15.2 all members and staff should maintain the strictest standards of financial propriety;
 - 15.3 staff with financial responsibilities should receive appropriate training;
 - 15.4 accounts should be maintained on an accruals basis and aim to follow the Treasury's Financial Reporting Manual (FReM) with regard to the preparation of accounts and reports;
 - 15.5 the Executive, in conjunction with the Force should prepare annual reports and accounts for the BTPF in statutory format;
 - 15.6 publication of the extent to which financial and other performance targets have been met should identify what savings have been achieved and how far the Force has improved the delivery of its services;
 - 15.7 the Executive should make effective arrangements for internal audit which should maintain links with other inspection and review services;
 - 15.8 the BTPF should make banking arrangements which keep banking costs to a minimum; and
 - 15.9 the BTPF's assets should be reviewed regularly and surplus assets (profitably) disposed of.
16. The Authority is responsible for approving the financial policy framework and budget. It is also responsible for approving and monitoring compliance with the BTPF's overall framework of accountability and control, and for monitoring compliance with the agreed policy.
17. Sound internal control and accountability for financial matters is best achieved by clear arrangements for delegation of powers and responsibilities and the separation of duties, with an effective system of monitoring, feedback and reporting.

44. The Financial Regulations link the Financial Management with other internal regulatory documents. For example, contract standing orders, schemes of delegation, financial procedures, guidance and instructions and employee codes of conduct. Should there be any contradiction contained within procedures, guidance, instructions or codes of guidance the Financial Regulations will take precedence.
45. Any case of difficulty or doubt concerning the correct interpretation or application of the Financial Regulations shall be referred to the Chief Executive, who shall consult the Authority Finance Director as appropriate, and whose decision shall be final.

This Force Scheme of Financial Delegation is to be approved by the Chief Executive. The Force Finance Director is responsible for monitoring compliance with the Force Scheme of Financial Delegation.
57. In allocating responsibilities, the Chief Constable and the Force Finance Director should have regard to the desirability of securing an adequate and effective level of internal control by allocating roles in a way that gives assurance that transactions will be properly processed and that errors will be detected promptly. Examples of such controls are:
 - 57.1 Internal Check (the checking of one person's work by another);
 - 57.2 Separation of Duties (assigning key tasks within a process to different members of staff);

Financial Regulations

Annual Statement of Accounts

1. FR1 Annual Accounts

1.1 The Force Finance Director shall:

- draw up the timetable for final accounts preparation in accordance with legislation and in consultation with the external auditor and the Authority Finance Director;
- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- comply with any specific accounts direction issued by the DfT, the FReM and other legislation;
- ensure accounts are prepared in accordance with the timetable.

1.2 The Force Finance Director shall advise the Authority Finance Director of any proposed changes to the accounting policies and provide an assessment of the financial implications of these changes.

Financial Plans and Budgetary Control

2. FR2 Revenue Budget

2.1 The Chief Executive and Chief Constable as Accounting Officer and Additional Accounting Officer respectively share a responsibility to recommend to the Authority effective financial and budget planning for the short, medium and long term. This objective is achieved by preparing a medium term financial plan made up of at least five year estimates of revenue and capital expenditure and income, efficiency and improvement savings plans, reserves and balances and risk assessments. This must contain:

- plans that reflect the Authority's consultations with not only the Chief Constable and Treasurer, but also other relevant partners and key stakeholders.
- plans for the development of services and the priorities for the allocation of both

capital and revenue resources between services that reflect the strategic direction outlined in the Policing Plan.

- the financial effects of all known commitments together with any other proposals for changes to levels of existing services, or the introduction of new services.
- consider the balance between the level of activity to be funded and the level of charges to be defrayed to the PSA holders.
- a range of alternative financial planning scenarios (optimistic, likely, pessimistic) based on assessed financial risk.

2.2 Budget planning assumptions. By the end of March of each year the Authority shall agree the total revenue budget for the following financial year.

2.3 The Chief Executive is responsible for ensuring that the overall annual revenue budget and capital programme prepared by the Chief Constable accords with the requirements set out in Managing Public Money, before it is presented for approval by the Authority.

2.4 The revenue budget shall be presented in two parts, i.e.

- the budget for the Force, responsibility for the management of which lies with the Chief Constable; and
- the budget retained by the Executive, which shall include provision for expenditure directly related to the functions of the Authority, the management of which shall be the responsibility of the Chief Executive.

2.5 The general format of the revenue budget and capital programme proposed by the Chief Constable, will be approved by the Chief Executive subject to any directions by the Authority.

2.6 It is the responsibility of the Chief Constable to ensure that the revenue budget and capital programme proposals reflect the priorities outlined in the Policing Plan.

2.7 The Chief Constable shall submit quarterly monitoring reports to the Authority, but more frequently if requested by the Authority, dealing with income and expenditure against the budget.

2.8 The Chief Executive shall submit quarterly monitoring reports on the budget retained by the Executive to the Authority (or its appropriate Committee), but more frequently if required.

2.9 For Capital and Major Revenue Schemes, no expenditure shall be incurred, no commitments (including leasing agreements relevant to the revenue budget) entered into and no liabilities established unless there is sufficient and appropriate budgetary provision. Any such expenditure must be in accordance with any Treasury and DfT instructions. In an emergency, expenditure for operational purposes that is not otherwise provided for in the budget may be authorised, using the Authority's procedure for decisions between scheduled meetings, up to the limits contained within the Scheme of Financial Delegations.

2.10 Additionally, in all such instances there shall be a report on the matter to the next quarterly reporting meeting of the Authority.

2.11 The Chief Constable shall ensure that the staffing budget provides an accurate forecast of staffing levels, that it accords with the approved staffing policies of the Authority and shall advise the Authority on the budget provision necessary to cover estimated staffing levels.

2.12 The Chief Constable shall ensure that total spending for policing remains within the overall allocation of resources and take corrective action where significant variations from the approved budget are forecast. Where total projected expenditure indicates either an overall over or under spend, the Chief Executive shall be alerted and proposals for remedy should be put forward by the

Chief Constable as part of the regular reporting process to the Authority. The same responsibilities apply to the Chief Executive for his or her budget.

2.13 Where operating cost resources are devolved to Deputy/Assistant Chief Constables, Directors or Heads of Division procedures must be in place to ensure that these resources are used in compliance with the agreed business plans. The Chief Constable is required to provide to the Chief Executive a declaration at the end of the financial year confirming that all managers who have been provided with such delegated responsibility have understood and fulfilled their responsibilities with regard to the operating cost budget. This statement provides assurance to the Chief Executive that budgetary controls have operated as required and supports the quarterly statement outlined in paragraph 2.11.

2.14 Where significant savings or increased income were not included in the Budget, but arise fortuitously because of external factors outside the Force's control, these new resources should be reported to the Authority before any decision is taken about their utilisation.

3. FR3 Capital and Major Revenue Schemes

3.1 The Chief Constable shall prepare a 3-year capital programme and capital budget for consideration and approval by the Authority. This programme will form the basis of discussions with the DfT for inclusion in their capital allocation programme.

3.2 Once a capital project is included within the 3 -year capital programme, the details of each scheme shall be the subject of a further and final approval. An evaluation, including a financial appraisal, shall be undertaken and reported in respect of all capital and major revenue schemes over £50k which shall include the business case for the scheme. For such schemes, expenditure necessary to produce a proper evaluation ahead of approval may be incurred, in accordance with Procurement or Contract Standing Orders. The thresholds that shall apply to the approval of schemes are (in respect of major revenue schemes shall relate to the estimated additional annual cost) as set out in the Scheme of Financial Delegation (Annex 2).

3.3 For all Schemes requiring Authority approval, the appraisal and business case must be presented to the Authority for consideration and approval. The evaluation and business case must be accompanied by a joint report from the Authority Finance Director and Force Finance Director. Schemes that are related or phased shall be treated as a single scheme for these purposes. For the purpose of the application of the thresholds, the capital and additional revenue costs will be aggregated.

3.4 Where a scheme falls below the value for reporting to the Authority a business case must be produced and approved by the Chief Constable.

3.5 An annual business case for rolling, replacement or refurbishment schemes must be approved annually by the Chief Constable.

3.6 The capacity of the Chief Constable and Chief Executive to enter into capital works contracts is set out in the Scheme of Financial Delegations. Contracts must not be disaggregated to avoid the stated thresholds.

3.7 All evaluations shall be undertaken in line with project appraisal guidelines which fulfil Government accounting and policy requirements, and shall include, inter alia, calculations to show the Net Present Value (NPV) and Internal Rate of Return (IRR) for each scheme.

3.8 Capital and major revenue scheme expenditure may not take place prior to scheme approval. Following approval of the scheme evaluation, capital and major revenue scheme

expenditure may be incurred in accordance with Procurement or Contract Standing Orders up to the estimate (plus inflation as appropriate) specified in the scheme evaluation. Approval for additional scheme expenditure shall be sought when it is first identified and, if possible, before it is contractually committed, e.g. at tender acceptance stage, and shall be authorised as in accordance with the Scheme of Financial Delegation.

3.9 It is vital that both financial and procurement authority are obtained prior to a Project being started. Financial authority ensures the project has a good business case and funds are available to the project. Procurement authority ensures the best commercial terms and contracts are in place with suppliers.

3.10 The Chief Constable shall ensure that contract payments and other expenditure against approved schemes are controlled within the scheme approval given under the Scheme of Financial Delegation.

3.11 The Chief Constable, in consultation with the Chief Executive, shall monitor capital and major revenue schemes and shall submit to the Authority:

- results in activities which are outside the objectives of the Strategy or Policing Plan;
- prejudices to a material degree the achievement of any of the objectives of the Strategy or Policing Plan; or
- does not conform to Authority policy resolutions; or alters a specific approval by the Authority.

4.3 The Chief Executive and Chief Constable may authorise the transfer of resources between budget headings within the revenue budget for the Authority and Force respectively, provided that:

- the revenue budget and capital budget net totals are not increased;
- the future commitments in budgets not yet approved falling to the BTPF are not increased by more than the financial limits set out in the scheme of delegations;
- the transfer does not result in a significant change of policy;
- the amount does not exceed the value set out in the Scheme of Financial Delegation;
- the Authority Finance Director has been informed where the Scheme of Financial Delegation means it does not need Authority approval.

4.4 Where the amount exceeds the financial limits sets out in the scheme of financial delegation, virement requires the approval of the Authority.

4.5 Virement will not be possible in respect of expenditure which is specifically government funded.

4.6 The approval of the Authority is required when the virement proposals imply significant changes of major policy (see paragraphs 4.2.1 to 4.2.3 for definition) or involve additional revenue commitments in future years.

4.7 The Chief Constable shall be empowered to incur expenditure within the approved estimates but no expenditure, capital or revenue, shall be incurred in connection with the adoption of any new policy or extension of existing policy without the prior approval of the Authority following consideration of a report.

 - g) information which a claim to legal professional privilege could be maintained in legal proceedings.
 - h) any other categories of information which the Chair and the Chief Executive consider would be in the interests of the Force to keep confidential.
42. In resolving to exclude material from publication in accordance with these standing orders, the Authority shall specify and publicly minute the reasons for its decision by listing the type of confidential information as outlined in SO 39 above.

Disagreements on the status of protected documents

43. The Authority may decide that it wishes to deal with a report in public session, or to

make it available to the public. However, it shall not do so without giving the author an opportunity to address the Authority in private session to explain why they consider that the information should retain a protective marking.

Questions from the Public at Authority Meetings

44. Members of the public may ask questions of the Authority, which are relevant to its business, functions or responsibilities. The Chief Executive must receive the question not less than ten working days before the meeting of the Authority.
45. A person may ask no more than two questions in a rolling 12 month period.
46. The Chief Executive will have the discretion to refuse a question in consultation with the Chair or, in their absence the Deputy Chair. If a question is refused the Chief Executive shall write and outline the reason(s) for this decision. The letters shall be copied to all Authority Members before the meeting. The reasons why a question may be refused may include the following (although it should be noted that this is not an exhaustive list):
 - a) The question cannot be answered satisfactorily without the disclosure of exempt information (as defined in the Access to Information or Freedom of Information legislation)
 - b) The question has already been answered by another means and contains no issues of wider public interest that require a public answer
 - c) The question contains a number of different questions, in which case the Chief Executive will ask for an amended question to be submitted (the amended question is still subject to the listed exemptions and must still be submitted at least ten working days before the meeting for an answer to be provided, if submitted after this timeframe it may not be answered until the next meeting of the Authority)
 - d) The question is similar to, or on a similar theme to, a question asked by someone else in the preceding three months.
47. Questions shall be included on the agenda for the meeting. The Chief Executive will respond to any questions either orally or in writing on behalf of the Authority. Following the response the person who asked the question may speak for a maximum of three minutes. If any clarification is sought regarding the answer this will be given to the person within ten working days of clarification being sought.
48. To ensure that the business of the Authority is not disrupted a maximum of 20 minutes will be allowed for public questions and answers.

Variations to Standing Orders

Suspension of Standing Orders

49. A resolution may be passed to suspend Standing Orders in specific instances where it is deemed to be in the interest of the Authority. The resolution must be agreed by a majority vote.

Amending and revoking Standing Orders

50. Any changes to these Standing Orders may be agreed at the Annual Meeting, or at any ordinary meeting of the Authority.

Interpretation of Standing Orders

51. The ruling of the Chair as to the interpretation or application of these Standing Orders shall be final.

1. Scope

1.1 The Permanent Secretary to the Department for Transport appointed the Chief Constable as the Accounting Officer for the when the Authority was established. Over the years this position was seen as increasingly inappropriate as it made the Chief Constable accountable for the work of her/his own governing body. Furthermore as Accounting Officer the Chief Constable was accountable for the Authority's work in setting a budget and recovering the costs of BTP from the PSA holders, and in consequence for the development and application of the charging models, this is clearly something that the Chief Executive of the Authority not the Chief Constable should be accountable for. In April 2010 the Department re- examined this position and suggested new arrangements. The effect of these was to make the Chief Executive to the Authority the Accounting Officer for the Authority with the Chief Constable being the additional Accounting Officer for BTP, more accurately reflecting their actual responsibilities. The changes did not affect the Chief Constable's responsibilities in relation to policing.

1.2 The arrangements also provided for shared accountabilities where these were appropriate and formal agreements between the Authority and BTP when one was providing services for the other.

1.3 The arrangements were captured in formal documentation that was prepared by the DfT. Treasury rules governing Accounting Officers require a single responsible official at every stage. Hence the Permanent Secretary appointed the Chief Executive as the Accounting Officer for the Authority as it is to the Authority that the Department formally relates. The Chief Executive appointed the Chief Constable as an additional accounting officer.

1.4 In all respects these arrangements should lead to improved and strengthened governance. The Authority should note that under the new arrangements two of its employees, the Chief Executive and Chief Constable have duties and responsibilities, as Accounting Officers, that cannot be fettered by the Authority. However as those duties and responsibilities all relate to probity and the proper conduct of the Authority/BTP's affairs there is no reason to think that their exercise would ever be contrary to the Authority's wishes. The Chief Constable of course already had such freedoms in relation to Policing.

1.5 This document formalises the agreement between the Authority and BTP when one is providing services for the other. The areas covered are as follows:

Appendix A

THE BRITISH TRANSPORT POLICE AUTHORITY ACCOUNTING OFFICER MEMORANDUM

Issued to the Chief Executive and Clerk by the Accounting Officer of the Department for Transport

Background

1. The British Transport Police Authority (the Authority) is responsible for setting the budget and raising income under the terms of Police Services Agreements, both for itself and for the British Transport Police (the Force). It is also responsible for its own administration and expenditure. The Force has a large degree of autonomy in the spending of the budget given to it by the Authority, and full independence in policing matters, but it is the role of the Authority to exercise appropriate oversight of the Force, particularly in matters of financial and corporate governance and senior appointments.
2. The Force may by agreement, for reasons of economy and efficiency, provide financial and other services to the Authority. In doing so, it acts as the agent of the Authority but remains responsible for the manner in which it discharges the functions.
3. You have been appointed as the Accounting Officer of the Authority. It is agreed that you will appoint the Chief Constable of the Force as an Additional Accounting Officer.
4. Your responsibilities as the Accounting Officer for the Authority cover:
 - a) servicing and advising the Members of the Authority and implementing their decisions;
 - b) setting a capital programme and revenue budget to cover the requirements of the Authority and the Force;
 - c) calculating and levying charges on holders of Police Services Agreements;
 - d) the management and expenditure of the Authority and the Force;
 - e) the Authority's oversight of the Force; and
 - f) all other requirements within this document.
5. The responsibilities which it would be appropriate for you to assign to the Chief Constable as Additional Accounting Officer are:
 - i. the management and expenditure of the Force;
 - ii. the quality and propriety of any services provided by the Force to the Authority;
 - iii. (in her/his role as Chief Constable) all operational matters relating to policing by the

Force; and

- iv. other requirements within this document as they affect the Force as set out in paragraphs 11, 12, 14, 15 and 17.
6. In appointing an Additional Accounting Officer, you as the principal Accounting Officer retain overall accountability for both the Authority and the Force. It is accepted, however, that the Additional Accounting Officer will have autonomy within her/his areas of responsibility and that you will only intervene if a major issue of propriety, regularity or prudent and economic administration makes it necessary for you to do so. In particular, you will not be accountable for the Chief Constable's decisions on matters of policing.
7. You and the Chief Constable have joint responsibility for the preparation of the Authority's accounts (which include those of the Force)

Main duties

8. As Accounting Officer of the Authority, you have the personal duty of signing the accounts. By virtue of this duty, you also have the further duty of being a witness before the Committee of Public Accounts (PAC) to deal with questions relating to your responsibilities arising from those accounts or, more commonly, from reports made to Parliament by the Comptroller and Auditor General (C&AG) under the National Audit Act 1983. It is an important principle that, regardless of the source of the funding, you are responsible to Parliament for the resources under your control.
9. Associated with these duties are the further responsibilities that are the subject of the remainder of this letter. It is incumbent upon you to combine these duties with your duties to the Members of the Authority. More detailed guidance on this can be found in Managing Public Money.

Responsibilities of the Accounting Officer of the Department for Transport

10. It is the responsibility of the Accounting Officer of the Department for Transport (the Department) to be satisfied that:
 - i. the financial and other management controls applied by the Department are appropriate and sufficient to safeguard public funds and, more generally, that those being applied by the Authority conform with the requirements both of propriety and of good financial management;
 - ii. there is an adequate statement of the financial relationship between the Department and the Authority (in the Framework Document) and that this statement is regularly reviewed; and
 - iii. the conditions attached to grants and loans conform with the terms of the Vote and the Department monitors compliance with those conditions.

General responsibilities

Your designation as Accounting Officer reflects the fact that under the Members of the Authority you have responsibility, which only you are in a position to discharge, for the overall organisation, management and staffing of the Authority and the Force, and for

their procedures in financial and other matters. You also have responsibility for advising and representing the Authority in its oversight of the Force's conduct in these areas.

11. As Accounting Officer you must ensure that there is a high standard of financial management in the Authority and the Force; that financial systems and procedures promote the efficient and economical conduct of business and safeguard financial propriety and regularity throughout the Authority and the Force; and that financial considerations are fully taken into account in decisions on Authority policy proposals.

Specific responsibilities

12. The essence of your role as Accounting Officer is a personal responsibility for the propriety and regularity of the public finances for which you are answerable; for the keeping of proper accounts; for prudent and economical administration; for the avoidance of waste and extravagance; and for the efficient and effective use of all the resources in your charge.

As Accounting Officer you must:

- i. personally sign the accounts, and in doing so accept personal responsibility for their proper presentation as prescribed in legislation or by Ministers;
 - ii. conform with relevant requirements of the Framework Document) and ensure that accounts are drawn up in accordance with any conditions set out in legislation, the Accounts Direction and relevant Treasury guidance;
 - iii. ensure that proper financial procedures are followed and that accounting records are maintained in a form suited to the requirements of management as well as in the form prescribed for published accounts.
 - iv. ensure that the resources for which you are responsible as Accounting Officer are properly and well managed (see paragraph 15 below) and safeguarded, with independent and effective checks of cash balances in the hands of any official;
 - v. ensure that assets for which you are responsible such as land, buildings or other property, including stores and equipment are controlled and safeguarded with similar care, and with checks as appropriate;
 - vi. ensure that conflicts of interest are avoided, whether in the proceedings of the Members of the Authority or in the actions or advice of its staff, including yourself, or those of the Force; and
 - vii. ensure that, in the consideration of policy proposals relating to the income and expenditure for which you are responsible as Accounting Officer, all relevant financial considerations, including any issues of propriety, regularity or value for money, are taken into account, and brought to the attention of the Members of the Authority.
13. As Accounting Officer you should ensure that effective management systems appropriate for the achievement of the Authority's objectives, including financial monitoring and control systems have been put in place. You should also ensure that managers at all levels:
 - i. have a clear view of their objectives, and the means to assess and, wherever possible, measure outputs or performance in relation to those objectives;

- ii. are assigned well defined responsibilities for making the best use of resources (both those consumed by their own commands and any made available to organisations and individuals outside the Authority or the Force), including a critical scrutiny of output and value for money; and
 - iii. have the information (particularly about costs), training and access to the expert advice which they need to exercise their responsibilities effectively.
14. You must make sure that your arrangements for delegation promotes good management and that they are supported by the necessary staff with an appropriate balance of skills. Arrangements for internal audit, to cover both the Authority and the Force, should accord with the objectives, standards and practices set out in the Treasury Government Internal Audit Manual.

Regularity and propriety of expenditure

15. To the extent that the Authority and the Force are spending funds Voted by Parliament, you have a particular responsibility as Accounting Officer for ensuring compliance with Parliamentary requirements in the control of expenditure, and with any requirements imposed by the Department. A fundamental requirement is that the Voted funds for which you are responsible should be applied only to the extent and for the purposes authorised by Parliament. You must also comply with any conditions which Ministers may apply to any grant, grant in aid or loan. You must ensure that Parliament's attention is drawn to losses and special payments by appropriate notation of the relevant account.
16. You are responsible for ensuring that specific arrangements are in place for the Additional Accounting Officer to obtain approval for expenditure has been obtained from the Department in all cases where it is required, including cases involving pay, pensions and conditions of service. This will include any expenditure not covered by any authorities delegated by the Department to the Authority. As in the case of delegations from the Treasury to departments, delegated authority does not remove the obligation to submit to the Department all proposals which are novel or contentious. You are also responsible for ensuring that adequate machinery exists for the collection and bringing to account in due form of all receipts of any kind connected with the accounts of the Authority.

Advice to the Members of the Authority

17. As Accounting Officer you have particular responsibility to see that appropriate advice is tendered to the Members of the Authority on all matters of financial propriety and regularity relating to the activities of the Authority, and more broadly as to all considerations of prudent and economical administration, efficiency and effectiveness. You will need to determine how and in what terms such advice should be tendered, and whether in a particular case to make specific reference to your own duty as Accounting Officer to justify to the PAC transactions for which you are accountable.
18. The Members of the Authority should act in accordance with the requirements of propriety and regularity (including the provisions of the Framework Document, or any rules in Managing Public Money or elsewhere governing the conduct of the Authority as a non-departmental public body). If the Members or the Chairman contemplate a course of action involving a transaction by the Authority which you as Accounting Officer consider would infringe these requirements, you should set out in writing your objection to the proposal, the reasons for this objection, and your duty to notify the C&AG should your advice be overruled. If the Members or Chairman decide nonetheless to proceed, you should seek a written instruction to take the action in question. You should also inform the Department's Accounting

Officer of the position, if possible before the decision is taken or in any event before it is implemented, so that the Department, if it considers it appropriate, can intervene with the Authority and inform the Treasury. If the outcome is that you are overruled, the instruction must be complied with, but your request for the instruction and the instruction itself should be communicated without delay to the C&AG. Provided that this procedure has been followed, the PAC can be expected to recognise that you bear no personal responsibility for the transaction.

19. If a course of action is contemplated which raises an issue not of formal propriety or regularity but relating to your wider responsibilities for economy, efficiency and effectiveness, it is your duty to draw the relevant factors to the attention of the Members of the Authority and to advise them in whatever way you consider appropriate. If your advice is overruled, and the proposal is one which as Accounting Officer you would not feel able to defend to the PAC as representing value for money, you should seek a written instruction before proceeding. The Department's Accounting Officer should be informed of such an instruction, if possible before the decision is implemented. It will then be for the Departmental Accounting Officer to consider the matter, and decide whether or not to intervene. If the outcome is that the difference between yourself and the Members of the Authority nevertheless remains unresolved, the Treasury should be informed and your request for the instruction and the instruction itself should be communicated to the C&AG without undue delay, as in cases of propriety or regularity (see paragraph 20 above).
20. If, because of the extreme urgency of the situation, there is no time to submit advice in writing to the Members of the Authority in either of the eventualities referred to in paragraphs 20 and 21 above before a decision is taken, you must ensure that, if the Members of the Authority overrule the advice, both the advice and the members' instructions are recorded in writing immediately afterwards.

Appearance before the PAC

21. The C&AG may, under the National Audit Act 1983, carry out examinations into the economy, efficiency and effectiveness with which the Authority has used its resources in discharging its functions. As Accounting Officer you may expect to be called upon to appear before the PAC from time to time, normally with the Department's Accounting Officer and if appropriate the Additional Accounting Officer, to give evidence on the reports arising from those examinations or reports following the annual certification audit, and to answer the PAC's questions concerning expenditure and receipts for which you are the Accounting Officer. You may be supported by one or two other senior officials who may, if necessary, assist in giving evidence.

22. Treasury officials attend PAC hearings, and may be asked to comment on the evidence. The Treasury has the formal responsibility for presenting Estimates to Parliament, for prescribing the form of accounts and the rules set out in Managing Public Money, and for promoting good financial management in departments and other public bodies. This goes with the Treasury's central responsibility for the operation of public expenditure control. Parliament has traditionally regarded the Treasury as an ally in controlling expenditure.
23. You will be expected to furnish the PAC with explanations of any indications of weakness in the matters covered under the sub-headings "Specific responsibilities" and "Regularity and propriety of expenditure" above to which their attention has been drawn by the C&AG or about which they may wish to question you as Accounting Officer.
24. In practice, you will normally have delegated authority to others, but you cannot on that account disclaim responsibility or accountability. Nor, by convention, would you decline to answer questions where the events took place before you took up appointment: the PAC may be expected not to press your personal responsibility in such circumstances.
25. The PAC has emphasised the importance it attaches to accuracy of evidence, and the responsibility of witnesses to ensure this, in order to ensure that relevant lines of enquiry may be pursued at its hearings. You should therefore ensure that you are adequately and accurately briefed on matters which are likely to arise at the hearing. You may, however, ask the PAC for leave to supply information not within your immediate knowledge by means of a later note. Should it be discovered subsequently that the evidence provided to the PAC has contained errors; these should be made known to the committee at the earliest possible moment.
26. In general, the rules and conventions governing appearances of officials before Parliamentary committees apply to the PAC, including the general convention that officials do not disclose the advice given to the Members of the Authority. Nevertheless, in a case where you used the procedures (described in paragraph 20 above) concerning a matter of propriety or regularity, your advice, and its overruling by the Members of the Authority, would be disclosed to the PAC. In a case where your advice had been overruled in a matter not of propriety or regularity but of prudent and economical administration, efficiency or effectiveness (paragraph 21 above), the C&AG will have made clear in the report to the PAC that you were overruled. You should seek to avoid disclosing the advice given to the Members of the Authority, though, subject to their agreement, you should be ready to explain the reasons for their decision.

Absence of an Accounting Officer

27. As Accounting Officer, you should ensure that you are generally available for consultation and that in any temporary period of unavailability due to illness or other cause, or during the normal period of annual leave, there will be a senior official in the Authority who can act on your behalf if required.
28. If it becomes clear to the Members of the Authority that you are so incapacitated that you will be unable to discharge your Accounting Officer responsibilities over a period of four weeks or more, the Department should be notified so that an acting Accounting Officer can be formally designated, pending your return. The same applies if exceptionally you plan an absence of more than four weeks during which you cannot be contacted.
29. The PAC may be expected to postpone a hearing if the relevant Accounting Officer

is temporarily indisposed.

30. Where you are unable by reason of incapacity or absence to sign the accounts in time to submit them to Ministers, the Authority may submit unsigned copies pending your return. If you are unable to sign the accounts in time for printing, the acting Accounting Officer should sign instead.

 - iii. the quality and propriety of any services provided by the Force to the Authority;
 - iv. in your role as Chief Constable, all operational matters relating to policing by the Force; and
 - v. other requirements within this document as they affect the Force.
5. My responsibilities as the Accounting Officer for the Authority cover:
 - i. servicing and advising the Members of the Authority and implementing their decisions in so far as they relate to the Authority;
 - ii. setting a capital programme and revenue budget to cover the requirements of the Authority and the Force;
 - iii. calculating and levying charges on holders of Police Services Agreements; the management and expenditure of the Authority;
 - iv. the Authority's oversight of the Force;
 - v. joint accountability with you for the matters listed in paragraph 4(i)-(iii) and
 - vi. (v) above; and

- vii. all other requirements within this document.
- 6. In appointing you as an Additional Accounting Officer, I retain overall accountability for both the Authority and the Force. You will have autonomy within your areas of responsibility and I will only intervene if a major issue of propriety, regularity or prudent and economic administration makes it necessary for me to do so in order for me adequately to fulfil my own responsibilities as Accounting Officer. You have sole responsibility for your decisions on matters of policing.
- 7. We have joint responsibility for the preparation of the Authority's accounts (which include those of the Force).

Main duties

- 8. As an Additional Accounting Officer, you may be called upon to be a witness before the Committee of Public Accounts (PAC) to deal with questions relating to your responsibilities arising from the accounts or, more commonly, from reports made to Parliament by the Comptroller and Auditor General (C&AG) under the National Audit Act 1983. It is an important principle that, regardless of the source of the funding, Accounting Officers are responsible to Parliament for the resources under their control.
- 9. Associated with these duties are the further responsibilities that are the subject of the remainder of this letter.

Responsibilities of the Accounting Officer of the Department for Transport

- 10. My responsibility as Accounting Officer derives from my appointment by the Accounting Officer of the Department for Transport (the Department). It is her/his responsibility to be satisfied that:
 - i. the financial and other management controls applied by the Department are appropriate and sufficient to safeguard public funds and, more generally, that those being applied by the Authority conform with the requirements both of propriety and of good financial management;
 - ii. there is an adequate statement of the financial relationship between the Department and the Authority (in the Framework Document), and that these statements are regularly reviewed; and
 - iii. the conditions attached to grants and loans conform with the terms of the Vote and the Department monitors compliance with those conditions

General responsibilities

Your designation as an Additional Accounting Officer reflects the fact that as Chief Constable, subject to oversight by the Authority, you have responsibility, which only you are in a position to discharge, for the overall organisation, management and staffing of the Force, and for its procedures in financial and other matters.

- 11. As Additional Accounting Officer you must ensure that there is a high standard of financial management in the Force; that financial systems and procedures promote the efficient and economical conduct of business and safeguard financial propriety and regularity throughout the Force; and that Members of the Authority are made aware of financial considerations relating to the Force which are relevant to their decisions on policy proposals.

Specific responsibilities

- 12. The essence of your role as Additional Accounting Officer is a personal

responsibility for the propriety and regularity of the public finances for which you are answerable; for the keeping of proper accounts; for prudent and economical administration; for the avoidance of waste and extravagance; and for the efficient and effective use of all the resources in your charge.

13. As Additional Accounting Officer you must, jointly with me as Accounting Officer of the Authority:

- i. conform with relevant requirements of the Framework Document and ensure that accounts are drawn up in accordance with any conditions set out in legislation, the Accounts Direction and relevant Treasury guidance; and
- ii. ensure that proper financial procedures are followed and that accounting records are maintained in a form suited to the requirements of management as well as in the form prescribed for published accounts.

14. In addition, you must individually:

- i. ensure that the resources for which you are responsible as Additional Accounting Officer are properly and well managed (see paragraph 16 below) and safeguarded, with independent and effective checks of cash balances in the hands of any official;
- ii. ensure that assets for which you are responsible such as land, buildings or other property, including stores and equipment are controlled and safeguarded with similar care, and with checks as appropriate;
- iii. ensure that conflicts of interest are avoided in the actions or advice of the officers and staff of the Force, including yourself; and
- iv. ensure that, in the consideration of policy proposals relating to the income and expenditure for which you are responsible as Additional Accounting Officer, all relevant financial considerations, including any issues of propriety, regularity or value for money, are taken into account, and brought to the attention of the Members of the Authority.

15. As Additional Accounting Officer you should ensure that effective management systems appropriate for the achievement of the Force's objectives, including financial monitoring and control systems have been put in place. You should also ensure that managers at all levels:

- i. have a clear view of their objectives, and the means to assess and, wherever possible, measure outputs or performance in relation to those objectives;
- ii. are assigned well defined responsibilities for making the best use of resources (both those consumed by their own commands and any made available to organisations and individuals outside the Force), including a critical scrutiny of output and value for money; and
- iii. have the information (particularly about costs), training and access to the expert advice which they need to exercise their responsibilities effectively.

16. You must make sure that your arrangements for delegation promote good management and that they are supported by the necessary staff with an appropriate balance of skills.

Regularity and propriety of expenditure

17. To the extent that the Force is spending funds Voted by Parliament, you have a particular responsibility as Additional Accounting Officer for ensuring compliance with Parliamentary requirements in the control of expenditure, and with any requirements imposed by the Department. A fundamental requirement is that the Voted funds for which you are responsible should be applied only to the extent and for the purposes authorised by Parliament. You must also comply with any conditions which Ministers may apply to any grant, grant in aid or loan. You must ensure that Parliament's attention is drawn to losses and special payments by appropriate notation of the relevant account.
18. You are responsible for ensuring that specific approval for expenditure by the Force has been obtained from the Authority or the Department as the case may be in all cases where it is required, including cases involving pay, pensions and conditions of service. This will include any expenditure not covered by any authorities delegated by the Authority to the Force. As in the case of delegations from the Treasury to departments, delegated authority does not remove the obligation to submit to the Department all proposals which are novel or contentious. You are also responsible for ensuring that adequate machinery exists for the collection and bringing to account in due form of all receipts of any kind connected with the accounts of the Force.

Advice to the Members of the Authority

19. As Additional Accounting Officer you have particular responsibility to see that appropriate advice is tendered to the Members of the Authority on all matters of financial propriety and regularity relating to the activities of the Force, and more broadly as to all considerations of prudent and economical administration, efficiency and effectiveness. You will need to determine how and in what terms such advice should be tendered, and whether in a particular case to make specific reference to your own duty as Additional Accounting Officer to justify to the PAC transactions for which you are accountable.
20. The Members of the Authority should act in accordance with the requirements of propriety and regularity (including the provisions of the Framework Document, or any rules in Managing Public Money or elsewhere governing the conduct of the Authority as a non-departmental public body). If the Members or the Chairman contemplate a course of action involving a transaction by the Force which you as Additional Accounting Officer consider would infringe these requirements, you should inform me in order that I can consider your objection. Should I concur I will set out in writing our objection to the proposal, the reasons for this objection, and our duty to notify the C&AG should our advice be overruled. Should I not concur I will set out my advice to your objection, my reasons and your duty to notify C&AG should your advice be overruled by the Authority. If the Members or Chairman decide nonetheless to proceed, you should seek a written instruction to take the action in question. You should also inform me of the position, if possible before the decision is taken or in any event before it is implemented, so that, if I consider it appropriate, I can intervene with the Authority and inform the Department's Accounting Officer and, through him, the Treasury. If the outcome is that you are overruled, the instruction must be complied with, but your request for the instruction and the instruction itself will be communicated without delay to the C&AG. Provided that this procedure has been followed, the PAC can be expected to recognise that you bear no personal responsibility for the transaction.
21. If a course of action is contemplated which raises an issue not of formal propriety or regularity but relating to your wider responsibilities for economy, efficiency and effectiveness, it is your duty to draw the relevant factors to the attention of the Members of the Authority and to advise them in whatever way you consider

appropriate. If your advice is overruled, and the proposal is one which as Additional Accounting Officer you would not feel able to defend to the PAC as representing value for money, you should, through me, seek a written instruction before proceeding. You should inform me on receipt of such an instruction, if possible before the decision is implemented. It will then be for me to consider the matter, and decide whether or not to concur and advise the authority accordingly. If the outcome is that the difference between yourself and the Members of the Authority nevertheless remains unresolved, I will inform the Department's Accounting Officer and, through him, the Treasury and I will communicate the request for the instruction and the instruction itself to the C&AG without undue delay, as in cases of propriety or regularity (see paragraph 20 above).

22. If, because of the extreme urgency of the situation, there is no time to submit advice in writing to the Members of the Authority in either of the eventualities referred to in paragraphs 21 and 22 above before a decision is taken, we must both ensure that, if the Members of the Authority overrule the advice, both the advice and the members' instructions are recorded in writing immediately afterwards.

Appearance before the PAC

23. The C&AG may, under the National Audit Act 1983, carry out examinations into the economy, efficiency and effectiveness with which the Authority has used its resources in discharging its functions, and such examinations may on occasion extend to the activities of the Force. As Additional Accounting Officer you may expect to be called upon to appear before the PAC from time to time, normally with the Department's Accounting Officer and with me as Accounting Officer of the Authority, to give evidence on the reports arising from those examinations or reports following the annual certification audit, and to answer the PAC's questions concerning expenditure and receipts for which you are the Additional Accounting Officer. You may be supported by one or two other senior officers or members of staff who may, if necessary, assist in giving evidence.
24. Treasury officials attend PAC hearings, and may be asked to comment on the evidence. The Treasury has the formal responsibility for presenting Estimates to Parliament, for prescribing the form of accounts and the rules set out in Managing Public Money, and for promoting good financial management in departments and other public bodies. This goes with the Treasury's central responsibility for the operation of public expenditure control. Parliament has traditionally regarded the Treasury as an ally in controlling expenditure.
25. You will be expected to furnish the PAC with explanations of any indications of weakness in the matters covered under the sub-headings "Specific responsibilities" and "Regularity and propriety of expenditure" above to which their attention has been drawn by the C&AG or about which they may wish to question you as Additional Accounting Officer.
26. In practice, you will normally have delegated authority to others, but you cannot on that account disclaim responsibility or accountability. Nor, by convention, would you decline to answer questions where the events took place before you took up appointment: the PAC may be expected not to press your personal responsibility in such circumstances.
27. The PAC has emphasised the importance it attaches to accuracy of evidence, and the responsibility of witnesses to ensure this, in order to ensure that relevant lines of enquiry may be pursued at its hearings. You should therefore ensure that you are adequately and accurately briefed on matters which are likely to arise at the hearing. You may, however, ask the PAC for leave to supply information not within

your immediate knowledge by means of a later note. Should it be discovered subsequently that the evidence provided to the PAC has contained errors; these should be made known to the committee at the earliest possible moment.

28. In general, the rules and conventions governing appearances of officials before Parliamentary committees apply to the PAC, including the general convention that officials do not disclose the advice given to the Members of the Authority. Nevertheless, in a case where you used the procedures (described in paragraph 21 above) concerning a matter of propriety or regularity, your advice, and its overruling by the Members of the Authority, would be disclosed to the PAC. In a case where your advice had been overruled in a matter not of propriety or regularity but of prudent and economical administration, efficiency or effectiveness (paragraph 22 above), the C&AG will have made clear in the report to the PAC that you were overruled. You should seek to avoid disclosing the advice given to the Members of the Authority, though, subject to their agreement, you should be ready to explain the reasons for their decision.

Absence of an Accounting Officer

29. As Additional Accounting Officer, you should ensure that you are generally available for consultation and that in any temporary period of unavailability due to illness or other cause, or during the normal period of annual leave, there will be a senior officer or member of staff in the Force who can act on your behalf if required.
30. If it becomes clear to me that you are so incapacitated that you will be unable to discharge your Additional Accounting Officer responsibilities over a period of four weeks or more, I will formally designate an acting Additional Accounting Officer, pending your return. The same applies if exceptionally you plan an absence of more than four weeks during which you cannot be contacted.
31. The PAC may be expected to postpone a hearing if the relevant Additional Accounting Officer is temporarily indisposed.

Such advice will be provided outside the 'business-as usual' environment when in-house skills are not available and will be time limited. Consultancy may include the identification of options with recommendations, or assistance with (but not the delivery of) the implementation of solutions.

The Cabinet Office must be contacted prior to engaging with ANY consultancy firms on continuous initiatives (e.g. LEAN, Six Sigma and BPR)

A Statement of Value to be delivered must be published on Contracts Finder for contracts over £20k and on completion of the contract, to update this with a statement of actual value delivered.

What is not in scope of this control?

New ICT spend includes any new ICT contracts, contract amendments, contract extensions, feasibility and/or proof of concept studies, pilots, projects and programmes.

It also covers using existing framework contracts to purchase ICT.

No new OJEU notices should be issued to imply that ICT based contracts will be started without the express permission of the Efficiency and Reform Group (ERG) in the Cabinet Office.

NDPBs must move to adopt the Government's ICT Strategy, and comply with the strategy's solutions and standards for all ICT spend as they update/renew their existing systems.

Additionally, all spend with Oracle and all spend within the scope of PSN (Public Services Network) requires ICT Spend Approval.

Learning and Development

British Transport Police Authority	BTPA
British Transport Police	BTP
Police Service of Scotland	PSoS
Scottish Police Authority	SPA

Background

The British Transport Police Authority (BTPA) has been specified as a cross-border public authority in Section 46 of the Scotland Act 2016.

The Scottish Railways Policing Committee is established as a sub-committee of the BTPA under paragraph 12(b) of Schedule 4 of the Railways and Transport Safety Act 2003. The Committee will provide:

- accountability and transparency for railway policing in Scotland;
- oversight and scrutiny of the safe and effective management and delivery of railway policing in Scotland;
- an appropriate mechanism to assess and report to the BTPA in respect of value for money in relation to those elements of the BTPA Fund invested in railway policing in Scotland.

The Committee will operate in accordance with the Memorandum of Understanding agreed between the SPA and BTPA dated 27 June 2019 and as may be subsequently amended.

Purpose and Scope

The committee will provide oversight of the development of plans and policies, scrutinising policing performance against agreed plans and statutory requirements, and ensuring agreed improvements recommended by external inspections and reviews are implemented.

The Committee will provide assurance to the BTPA, SPA and Scottish Ministers on the delivery of railway policing in Scotland.

In performing its functions, the Committee will have regard to the UK-wide police priorities set and reviewed by the BTPA, and police priorities set and reviewed by Scottish Government.

These terms of reference have been agreed by the BTPA and SPA and are endorsed by UK and Scottish Ministers. A copy of these Terms of Reference has been laid before each House of Parliament and the Scottish Parliament.

Responsibilities

1. To keep under review the delivery in Scotland of the BTP Strategic Policing Plan, Police Service Agreements and other documentary agreements relating wholly or mainly to Scotland and report progress, including concerns and observations, to the BTPA Board.
2. To recommend to the BTPA Board the Scottish Railways Policing Plan (hereinafter referred to as the plan), ensuring due regard has been taken of policing priorities set by Scottish Government, strategic plan set by SPA and Police Scotland, Police Scotland's annual policing plan and that effective consultation has informed the development of the plan.
3. To scrutinise progress and performance against the plan and to recommend to the BTPA Board any improvement required.
4. To scrutinise BTP's public and stakeholder engagement work.
5. To consider the effectiveness of interoperability between BTP and Police Scotland and recommend any improvements to the BTPA Board and the SPA.

6. To make recommendations and provide oversight on performance standards of railway policing in Scotland taking cognisance of stakeholder engagement and make recommendations to the BTPA Board on any changes required.
7. To provide visibility and oversight of the funding as it applies to rail provider(s) operating in Scotland, with a view to achieving best value and to recommend any changes to the BTPA Board.
8. In carrying out its functions, to take into account relevant data and research available in relation to policing, including independent evidence and benchmarking information from across the UK and internationally.
9. To review recommendations from Government Internal Audit Agency, Her Majesty's Inspectorate of Constabulary in Scotland and other organisations with an inspection, audit, or evaluation remit in relation to railway policing in Scotland, and ensure that action is taken within agreed timescales, subject to BTPA approval.

Meetings

The Scottish Railways Policing Committee will meet quarterly. Meetings are to be scheduled to coincide with the BTPA annual planning cycle. Prior to the beginning of each calendar year, a provisional schedule of meetings will be approved by the BTPA Board and published on its website. Notice of meetings will be advertised on both the BTPA and the SPA websites. The Chair of the Committee may vary meetings, as deemed necessary. Meetings will usually be held in Scotland. Public meetings will be in venues that are accessible to all people.

All meetings of the Committee are open to be observed by members of the public and media, with the exception of meetings or parts of meetings where business is to be conducted in private. The circumstances in which meetings may be held in private include where:

1. information relating to identified or identifiable individuals (including members of staff) could be disclosed where there is no consent for disclosure and/or where there is a risk of harm to any individual from the disclosure;
2. public discussion of the information may prejudice any police operation or the prosecution of offenders;
3. disclosure of information could prejudice national security;
4. matters to be discussed are the subject of legal proceedings (including misconduct or disciplinary proceedings) or where information to be discussed consists of or includes legal advice provided to either Authority or to a third party;
5. an obligation of confidentiality exists in respect of the information to be discussed;
6. confidential, commercial or financial information not already in the public domain could be disclosed;
7. proposals for significant organisational change, significant changes to the terms and conditions of staff or other sensitive matters are being considered;
8. discussion in public would be likely to inhibit the free and frank provision of advice or the free and frank exchange of views for the purpose of deliberation;
9. other, exceptional, circumstances exist that would justify considering the matter in private, such circumstances to be agreed by the Committee and included in the minute of the meeting.

Stakeholder engagement

The Committee will scrutinise BTP's public and stakeholder engagement work in Scotland.

The Committee welcomes engagement with the Rail Delivery Group, rail provider(s) in Scotland and with Transport Scotland informally and formally to understand their requirements.

Reporting

A forward-looking work plan for the year will be produced by the Committee, describing objectives, actions and proposed outcomes. This will be agreed by the BTPA with consultation, as necessary, with the SPA. The agenda for each Committee meeting will be circulated to members at least five days prior to the meeting and will be published on the BTPA and SPA websites, excluding matters to be taken in private as outlined above.

Any member of the Committee may ask for an item to be placed on the agenda of a meeting, this to be done at least 15 days in advance of the meeting. The Chair will consider the request, taking advice from the BTPA Chief Executive as appropriate. If the Chair decides not to include the item on the agenda, the member will be advised and the Committee informed during the Chair's opening remarks.

A draft rolling action log will be available no later than five calendar days after each meeting. Draft minutes will be available to the Committee Chair no later than 14 calendar days after the meeting. Once agreed with the Committee Chair, draft minutes will be circulated to all Board Members of BTPA and SPA noting that they are still subject to formal approval at the next Committee meeting.

A summary report will be provided by the secretariat to the Chief Executives of each Authority after each Committee meeting. This will be used as the basis of reporting to the BTPA and the SPA Boards.

Committee members and BTP representatives may be required to provide evidence to Scottish Parliament Committees.

Membership and Attendees

The Committee will comprise the Chair ("the Committee Chair") and no more than four other Board Members. The Chair will be the Scotland member for the BTPA or such other member of the BTPA as nominated by the Chair of the BTPA. The Chair of the BTPA will consult and obtain approval by Scottish Ministers prior to appointing the Committee Chair.

The Committee will include up to two co-opted members from the SPA and up to two members from the BTPA. The Chair of each Authority will be responsible for the nomination of Committee members, and Committee members will be agreed by respective Boards.

The quorum for the Committee will be three Members including the Chair and must include at least one member from the SPA and at least one member from the BTPA.

All members including the Chair will have voting rights. In the event of a split decision, the Chair will have a casting vote.

Members of BTPA and SPA staff and BTP and Police Scotland representatives may be invited to attend Committee meetings. The Chairs of each Authority and Chief Executives have standing invitations to attend meetings. Any other Board Member may attend after consultation with the Committee Chair.

The Committee chair may invite representatives from external stakeholders or partner organisations for consideration of specific agenda items or subject areas.

Secretariat

The BTPA will provide secretariat support to the Committee. The Chief Executive of the BTPA will ensure that appropriate support, data and advice are provided to the Committee, and will consult as necessary with the Chief Executive of the SPA.

The Secretariat will be responsible for all arrangements associated with supporting meetings, other than venues for meetings which will be provided by the SPA.

Governance

The Committee, as a sub-Committee of the BTPA, will comply with the BTPA's Code of Governance in all relevant aspects.

Effectiveness and evaluation

The Committee will review progress against the work plan for the year.

The Committee will be open to external evaluation of its work and the extent to which accountability is enhanced for railway policing in Scotland, and against the design principles³⁹ and in accordance with BTPA's legislative framework.

Any changes to these terms of reference or to the operation of the Committee will be made only by mutual agreement between the BTPA and SPA.

The operation and effectiveness of the committee will be kept under the review. It is recognised that this is an administrative arrangement, and as such the committee will consider if further changes could enhance or support its role on an ongoing basis.

A Memorandum of Understanding will be agreed between the BTPA and the SPA to support the work and ethos of the Committee.

Dispute resolution and mediation

Where members are unable to reach agreement on an issue, the dispute will in the first instance be raised for discussion with the BTPA. The Chair of the BTPA will consult the Chair of the SPA as necessary. If required, mediation options will be explored by the BTPA. If disagreement between both Authorities persists, escalation of disputes can be made to relevant sponsor teams in Government and to Ministers.
