Business Case: London Estate

Agenda Item 7 (formerly Item 10)

8. Members considered a London Estates update and associated business case and the following points were made.
- a. In response to questions, the Head of Estates Transformation confirmed the Force had reviewed guidance regarding occupancy rates, and that the proposal included flex to increase physical occupancy if required, albeit that would require a change in internal layout.
 - b. In response to a question, the Head of Estates Transformation confirmed that the proposed [REDACTED] lease for the non-PSA workforce was the longest lease that it had been possible to secure.
 - c. Members were supportive of the business case albeit they felt language around Force Headquarters risked misleading stakeholders – instead, the business case should emphasise what was envisaged was a London hub.

- d. A Member noted the business case would benefit from being shortened prior to sharing with central government.

9. **RESOLVED**, that subject to comments made the following be recommended to the Full Authority for approval.

Medium-Term Financial Plan 2024/28
Agenda Item 9 (formerly Item 8)

Commission: Medium-Term Financial Plan 2024/28
Agenda Item 9.1 (formerly Item 8.1)

12. Members considered a report of the Director of Finance and Commercial Services regarding the Medium-Term Financial Plan and the following points were made.

- a. A Member noted that, in his view, the forthcoming MTFP represented a significant challenge given wider strategic context. This included many Home Office forces facing increasing budgetary challenges, potential spending restraint from central government coupled with inflationary pressures, and global supply issues. Taken together it was key therefore for the Force and Authority to ensure the assumptions embedded within the MTFP were appropriate.
- b. Members noted the scale of effort and measures by industry to seek efficiencies, and the importance of the Force being able to demonstrate the value it provided alongside the benefits arising from planned investment. In doing so, the Force could choose to demonstrate areas of work it could not compromise on, and areas it might choose to scale back.
- c. Members noted the planned engagement between the Force and Executive as the MTFP continued to be developed in advance of its consideration by the Full Authority in December 2022.

13. **RESOLVED**, that the report be noted.

Mitigation of Outstanding Financial Pressures
Agenda Item 9.2 (formerly Item 8.2)

14. Members considered a report of the Chief Executive regarding the mitigation of outstanding pressures and the following points were made.

- a. The Chief Executive noted the report was an iteration of the version first provided to the Full Authority in June 2022, with the aim of explaining to Members why significant cost items were not dominating the forthcoming MTFP.

Agenda Item 10 (formerly Item 7)

Portfolio Architecture

Agenda Item 10.1 (formerly Item 7.1)

16. Members considered slides detailing *A Force on the Move's* portfolio architecture and welcomed its development from previous meetings. That said, Members felt its format could be improved through a renewed 'plan on a page' focus, and through ensuring items listed in previous iterations be retained for consistency of oversight.

17. **RESOLVED**, that the *A Force on the Move* portfolio architecture be noted.

Strategic Plan Reporting

Agenda Item 10.2 (formerly Item 7.2)

18. Members considered a report of the Deputy Chief Constable regarding proposed Strategic Plan Reporting and the following points were made.

- a. In response to a Member's query, the Deputy Chief Constable explained the methodology underpinning the 32 problem solving plans referenced in measure 1 (crime prevention and safeguarding), noting that the Force's Insight Team provided indicators for the Neighbourhood Policing Teams to develop localised plans from. It was noted plans did not always reflect industry priorities.
- b. The Chief Constable noted it would be worthwhile for the Committee to consider where any gaps in the delivery of Strategic objectives were emerging. Including where partnership working with industry was crucial to delivery.
- c. A Member noted that the Strategic Plan had been agreed, but nevertheless felt that thought could be given to weaving in more explicit focus on anti-social behaviour and reputation of the Force.

19. **RESOLVED**, that the report be noted.

Project Updates

Agenda Item 10.3 (formerly Item 7.3)

20. The Deputy Chief Constable was heard regarding project updates and the following points were made.

- a. The Deputy Chief Constable was due to embark upon the second round of Senior Responsible Officer (SRO) interviews.
- b. Force Chief Officer Group was due to consider Layers and Spans recommendations in October 2022 and is already taking a view on where the opportunities arising from the CT review might flow through into the forthcoming financial plan.

Police Services Agreement Removal of Wash-Up Update
Agenda Item 11

- 21. Members considered an update report of the Head of Strategy, Planning and Engagement regarding the removal of the Police Services Agreement Wash-Up Process.
- 22. **RESOLVED**, that the report be noted.

1. Purpose of paper

- 1.1 The purpose of this paper is to request endorsement of the BTPA 2023/24 budget and 2023-28 Medium Term Financial Plan. To note, some of the totals may not add up due to rounding.

2. Background – Current BTPA 2022/23 Budget and Q2 Full Year Forecast

	2022/23 Q2 Forecast £'000	2022/23 Budget £'000	Variance	
			£'000	%

Members	349	382	-33	-9%
	2,624	2,806	-182	-7%

- 2.1 **Executive** – The 22/23 forecast is below budget largely due to an underspend in staff pay (£1,174k vs £1,352k).
- 2.2 **Members** – The 22/23 forecast is below budget largely due to underspends in training costs (£2k vs £25k).

3. Proposed BTPA 2023/24 Budget

	2023/24 Budget £'000	2022/23 Q2 Forecast £'000	2022/23 Budget £'000

- 3.1 The Executive's budget allocation is 87% of the total Authority's budget for 23/24 (86% in the 22/23 budget). The Members' budget allocation is 13% of the total Authority's budget for 23/24 (14% in the 22/23 budget).

4. BTPA 2023/24 – Executive Budget key assumptions

	2023/24 Budget £'000	2022/23 Q2 Forecast £'000	2022/23 Budget £'000
Staff Pay	1,256	1,174	1,350
Temporary Staff	47	1031	50
Supplies & Services	841	896	868
Communications	29	38	27
Insurance, Legal & Claims	76	12	70
Training	50	45	45
Travel	17	7	15
	2,314	2,276	2,425
Variance to 23/24 budget		38	-111
% Variance to 23/24 budget		2%	-5%

- 4.1 The 2023/24 budget is below the current year budget, but above the current year forecast due to the following factors:

- Staff Pay and Temporary Staff:
 - Staff Pay makes up 54% of the Executive's total budget in 23/24 (52% in Q2 Forecast 22/23 and 56% in 22/23 budget).
 - The Executive is at full capacity, with interim maternity cover for the Chief Finance Officer and interim agency cover for the Finance and Audit Manager. Recruitment is underway to hire a permanent replacement for the Finance and Audit Manager.
 - The Authority approved a c.5% staff pay award in 2022.
 - Total Staff Pay has been increased by £82k compared to 22/23 Q2 forecast due to the expectation that the permanent Finance and Audit Manager will be in post in 23/24 with a resulting fall in Temporary Staff costs in 23/24 compared to the 22/23 Q2 forecast, falling from £103k to £47k.
- Supplies and Services:
 - Costs under Supplies and Services have been increased in line with inflation. This includes external audit (£159k), HMIC (£175k) and GIAA (£175k).

¹ Temporary Staff costs of £21k was included in error in the Members' Q2 22/23 Forecast due to cost centre misallocation. The Q2 forecast figures in this report have been updated to reflect this.

- Under Consultancy, costs for a one-off piece of work in 22/23 on the Financial Governance and Ways of Working Review were removed before increasing in line with inflation resulting in a fall from £322k in 22/23 to £252k in 23/24.
- Communications:
 - Communications costs, including the software licence for Board Intelligence (£24k) and the provision of maintenance and security of the website (£5k), have been increased in line with inflation compared to the 22/23 budget.
- Insurance, Legal & Claims:
 - Legal costs have been increased in line with inflation from £85k in 22/23 budget to £92k in 23/24. The Authority is not expecting there to be additional activity in these areas.
- Training:
 - Staff training and development cost have been increased in line with inflation, from £45k in the 22/23 budget to £50k for 23/24.
- Travel:
 - All Travel related costs have been increased in line with inflation from £15k in 22/23 to £17k in 23/24.

5. BTPA 2023/24 – Members’ Budget key assumptions

5.1 The 2023/24 budget is below the current year budget and the current year forecast due to the following factors.

	2023/24 Budget £'000	2022/23 Q2 Forecast £'000	2022/23 Budget £'000
Staff Pay	302	324	324
Supplies & Services	16	10	15
Training	17	2	15
Travel	30	14	28
	364	349	382
Variance to 23/24 budget		15	-33
% Variance to 23/24 budget		4%	-9%

Staff Pay:

- Staff Pay makes up 84% of the Members’ total budget in 23/24 (88% in Q2 Forecast 22/23 and 85% in 22/23 budget).
- There will be some rotation of Members during 23/24 as new members come in thus members’ staff costs are budgeted to decrease from £324k in 22/23 to £302k in 23/24.

Supplies and Services:

- Consultancy costs have been increased from £12k in the 22/23 budget to £13k in the 23/24 budget in line with inflation.

Training:

- Despite the underspend forecasted on members' training for 22/23, we would like to maintain an adequate budget for members' training and development should the need arise. The 23/24 budget allocation for training and development, therefore, has been based on the 22/23 budgeted amount £15k and increased in line with inflation to £17k in 23/24.

Travel:

- All Travel costs have been increased broadly in line with inflation to £30k (22/23: £28k).

6. BTPA 2023-28 MTFP

- 6.1 The table below details the BTPA proposed budget position for 2023/24 to 2027/28. These have been rolled forward as an estimate of current costs using assumptions in line with the overall BTP/A MTFP.
- 6.2 Staff costs are expected to increase as per the pay award assumptions. The BTPA Executive and Member team sizes are expected to remain consistent from 2024/25 onwards.
- 6.3 Total non-pay costs are assumed to broadly increase by inflation. The main exception to this is consultancy costs which are expected to remain broadly flat up to 25/26 before increasing in line with inflation.

5 Year Medium Term Financial Plan

	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28
	Budget	Budget	Budget	Budget	Budget	Budget
	£'000	£'000	£'000	£'000	£'000	£'000
Executive	2,425	2,314	2,355	2,407	2,459	2,517

Year-on-year change		-129	33	60	61	67
% change		-4.6%	1.2%	2.2%	2.2%	2.4%

7. Recommendations

- 7.1 Members are asked to endorse the 2023/28 BTPA MTFP and 23/24 budget to be included within the overall budget and MTFP for full Authority approval.

REPORT TO: Strategy and Planning Committee
DATE: 15th November 2022
SUBJECT: Policing Plan annual review 2022/23
SPONSOR: BTP and BTPA
AUTHOR: Jennifer Crowther and Sam Elvy

1. PURPOSE OF PAPER

- 1.1 This paper provides Members with an update on the annual review of the 2022-25 Policing Plan.
- 1.2 The Policing Plan is complimentary to and runs concurrently with the Force Strategy and provide the operational arm for delivery
- 1.3 The three-year Policing Plan was set in 2022 and committed to a 'light touch', annual review to ensure objectives remain relevant to the Force and local sub divisions.

2. ENGAGEMENT AND CONSULTATION

- 2.1. The existing Policing Plan has been subject to extensive engagement including;
- 2.2. A comprehensive programme of local stakeholder events in October 2022 that were well attended by key industry and partners including Transport Focus, Rail Delivery Group, Transport for Wales, Transport for West Midlands and the Scottish Police Authority. Every effort has been made to ensure stakeholders had the opportunity to review and confirm that the existing priorities are fit for purpose at a local level.
- 2.3. BTP's Public Attitude Survey 2022. This Public Attitude survey assists in identifying policing priorities that matter most to the travelling public who work or travel on the rail network. The survey opened on 26th September and is due to run to 30th November.
- 2.4. The feedback from these activities has received detailed consideration and has shaped the proposals for amendments contained in this paper.

3. FINDINGS

- 3.1. The **Public Attitude Survey** is still live and at this early stage we have currently received 441 valid responses.

- 3.2. Respondents were asked to grade a number of crime types by priority (1= Highest Priority), whilst currently only a small sample (and therefore possibly subject to change), the crimes concerning the public are Terrorism, Anti-Social Behaviour, Football, Violence and Sexual Offending.
- 3.3. To encourage completion of the Survey we have circulated this across all our social media channels, created posters and business cards for use at various sites forcewide. These are for officers to utilise when engaging with the public to encourage responses and share with the public to complete at a later date. Support groups, community groups and rail industry partners have been sent these details to share with their local contacts.
- 3.4. The initial BTP findings are broadly aligned to work being concluded by Transport Focus alongside NWR to inform Control Period 7. Whilst this is due to be published in November 2022 draft findings on 'what is important to customers', states personal security being a top issue with low level disorder and ASB being specifically stated.
- 3.5. **Stakeholder Feedback.**
- 3.5.1. Anti-Social Behaviour has been a key issue raised by operators, with particular emphasis placed on low level disorderly behaviour which has deteriorated post-pandemic.
- 3.5.2. Suicidal behaviour and Mental Health incidents and the associated officer abstraction, is seen to be increasing and the perception is that this will continue and be influenced by the cost of living crises.
- 3.5.3. Overall agreement was reached at all meetings that the existing objectives are fit for purpose and allow for local issues and locations to be raised.
- 3.3 The wider policing context¹ was reviewed when the Plan was commissioned and is deemed to still be relevant. There is good alignment on the following themes – partnership working to deliver outcomes, tackling violence, antisocial behaviour and public order, public protection/protecting vulnerable people, counter terrorism, crimes of theft, sexual offences and hate crime including violence against women and girls.

4. PROPOSALS

- 4.1. Anti-Social Behaviour has been a theme identified throughout both stakeholder and public feedback. In-keeping with the discussion and decision at the Strategy and Planning Committee (March 2022), when initially setting the three-year Plan, we are confident that ASB is covered within the objective to '**Tackle those crimes and incidents that most impact on the confidence of those who work and travel**', with specific measures already in place. However, it would be appropriate to ensure coverage of this key theme within the accompanying Policing Plan narrative.
- 4.2. Consideration was given to having a separate objective on Mental Health and Suicides; however, we believe this is best placed within the existing objective regarding vulnerability; '**Protect, support and safeguard vulnerable people and those at risk of exploitation and harm**'. We have identified an additional measure regarding the use of powers to protect people in crises. This information is already captured and will provide stakeholders with oversight on any trends in the next year.

Recommendation – to include an additional measure regarding powers used to protect people in crisis. Annex 1: Policing Plan 2022-25. 2023 Annual Review

5. NEXT STEPS

- 5.1. We will be running an internal process in early 2023 to ensure our departmental Key Performance Indicators (KPI's) are still relevant and fit for purpose.

6. PUBLICATION

- 6.1. As in previous years the final published plans will include specific sections setting out the objectives and measures for Wales, Scotland and TfL (B-Div Central) reflecting the unique operating environments and relationships in those areas. Introductions from the Chair, Chief Constable and Divisional leads will be updated for the refreshed version along with details on sub-Divisional leadership, budgets and resourcing.

Forcewide Policing Plan

We will work with our partners to tackle the following for the railway and Underground:

Create a hostile environment for terrorism through the CONTEST strategy	Ensure passengers and staff can work and travel free from the threat of violence		Tackle those crimes and incidents that most impact on the confidence of those who work and travel	Reduce disruption on the network through collaboration	Protect, support and safeguard vulnerable people and those at risk of exploitation and harm	Tackle violence against women and girls, hate crime and sexual harassment
<ul style="list-style-type: none"> • Maintain specialist operational capabilities which provide mitigation to the plausible attack methodologies identified.
